St Peter's Church, Church Road, Cradley, Halesowen, B63 2UL

- What is the St Peter's Community Vision Project?

For many years we have wanted to improve the community facilities of the building so that it can be used by the community outside of service times. We already have some groups that use the building, but we would like more people to use it. However, we need a bigger, better equipped kitchen, more toilets that are accessible to everyone, a new floor and more space in the nave to give better access. We would also like to improve the heating system. This is a big project and it will take a number of years to come to fruition, perhaps in stages, but we are committed to serving our community into the future and getting the building used to its full potential.

St Peter's, Cradley
Seeking to be a vibrant church at the heart of the community
