10am Advent Study Group in the Vicarage

There will be a Memorial Service at All Saints, Glossop on Sunday 29 November at 4pm. It is an opportunity for those who have close family members and loved ones who have died, to find space for reflection in the Church and to light a candle in their memory.

Prayer for COP by Mary Okeno, from the Anglican Church of Kenya

Creator God, whose wisdom is revealed in the rich diversity of all that you have made, and who entrusted the earth, its waters, forests, creatures and peoples to our care: forgive our failure to be faithful stewards of your creation, and grant to all who gather at COP wisdom, courage and humility; that the voices of all peoples, especially young people, women and indigenous communities, may be heard and valued, and that lasting partnerships may be formed for the protection of the abundance of life you have given.

Renew in us the knowledge that care for creation is both a moral duty and a sacred calling; strengthen the world's leaders and policymakers to seek the common good, and inspire us all to be agents of hope where there is despair, restoration where there is destruction, and justice where there is indifference, so that the rivers run clean, the forests flourish, endangered species be protected, as we learn to live in harmony with the earth; through Jesus Christ your Son our Lord. Amen.

Jeff Mann; Irene White; Alan Rowell; Derek Mills; Lynn Phillips; Edith Holmes; Sue Rose; Lilian Gibson

Year's Mind

Sylvia Butler

ECO CHURCH
AN A ROCHA UK PROJECT

Eco Tip of the week

Sustainable Shopping

1. Sustainable Materials - As well as ensuring to buy second hand, recycling your old clothes and keeping them for longer, being mindful of the materials used can make a significant impact on the sustainability of your purchases. Polyester, acrylic and nylon shed microfibers when washed, contributing half a million tonnes of plastic waste each year. Cotton is also renowned for its environmental impact. More sustainable materials to consider include: linen, hemp, lyocell, cork and organic cotton.

2. Black Friday - Firstly, don't let the sales distract you from making eco choices - take a look at stores known for being sustainable and avoid fast fashion stores. Secondly, why not try shopping online. This will offer more choice and reduce your emissions and contribution to air pollution.
