Rachael's Ramblings

December, the month of bread and fairy lights, food and drink, parties and Christmas songs, shops and homes decorated and more pies a plenty. As I walk around our area I can see and experience all of these things. Shops, windows are filled with decorations, often in the theme of their wares, I've had a great deal of time to admire them in the decorations in shop and home windows. I love looking at all the decorations, seeing how people have spent time in putting up decorations, and I love the fairy lights, the twinkling lights, also the reality of the birth of a baby to a couple who were far away from home and were out of options.

Whatever your Christmas looks like this year my prayer is that you know God who has you loved by God, who sent his Son to be born as an infant.

God bless you this Christmas

Rev Rachael

Christingle

The history of the Christingle can be traced back to Moravian Bishop Johannes Watteville, who founded the tradition in Germany, on 20 August 1747 in Castle of Marienstern, near Frankfurt am Main, at the request of the Count of Zinzendorf.

The custom was popularised in the English-speaking world by Methodists in 1856. He was raising funds for the charity The Children's Society. (https://www.childrenssociety.org.uk/)

Each element of a Christingle has a special meaning and helps to tell the Christian story.

- The orange represents the world
- The red ribbon or bright decorations the love and blood of Christ
- The four cocktail sticks the sacrament of God's creation
- The lit candle represents Jesus' light in the world. A light to guide others living in darkness.

Christingle is a joyful celebration that brings families and communities together to share the light of Jesus and spread a message of hope.

This year it will be holding our Christingle service on Thursday 24th December at 4:00 pm. All welcome.

Christmas Present

We all have our own memories of Christmas. Thomas, a very special young boy, remembers his Christmas in Ukraine. He remembers lots of things about Christmas but particularly he remembers how he used to play a shepherd in his nativity play, and how he loved dressing up.

For him, the switching on of the Christmas lights and the colourful and lively procession down Queen Street marks the beginning of the season, giving him the chance to dress up again of course!

Thomas enjoys receiving presents but says that for him the kid real meaning of Christmas is the celebration of the birth of Jesus, who brought us all worth, something we need very much. He points out that Merlin Park also presents for Jesus and this is the reason why they celebrate Christmas on Wednesday, 15 November 2020.

This year he is looking forward to the Christingle service on Christmas Eve.

Christmas Elsewhere

A letter from Ukraine

Christmas 2022 was not easy. Should we even be celebrating? How can we? So many people are suffering. The light in the Christmas treats we are used to? But celebration can be a means of resistance. It was no longer fully and nostalgic. It was full of hope. Christmas 2022 is the "Feast of the Feasts". The thief comes only to steal and kill and destroy. I came that they may have life and have it abundantly." If we are to cannot celebrate, the enemy has won - we are already in ruins.

Dietrich Bonhoeffer, writing to his family, and prison prayer and poem and poem clearly inspiring for me at that time *"We can, and should also, celebrate Christmas in the ruins around us. I think of you as you read this, celebrating Christmas with all the Advent candles lit, and with earlier years you did with us. We must do all this, even now that Advent, because we do not know how much longer we have to live."*

All celebrations have become important to us, reminders that we are living life while we are still alive. We spend so much time worrying and planning for things, when we can learn so much in just appreciating the moment we are in. Even the Christmas story with new eyes this year, imagine what it was really like. Not some romantic scene, but the cold, the dust and the dirt and the discomfort of the birth, Mary's pain and fear, Joseph's desire to be a comfortable to bring. Yet we can be gift of a life of service, of suffering, of sacrifice and the promise of resurrection. What is his gift to you this Christmas?

Church Life

To celebrate Harvest this year, we had a 'bring and share' supper in the Parish Hall accompanied by a Beetle drive. We also had a great selection of food supplied by you all and a lot of fun was had by all and laughter as the dice rolled and beetles constructed. Conversations of encouragement and good cheer with siblings increased the joy.

The hall looked very welcoming with the wonderful bunting made by members of the congregation.

The Parish Hall is central to our social and fund raising activities. Used for family celebrations, hymns, quizzes and bingo, it is also the venue for groups and musical items.

These are all advertised on social media and in our weekly newsletter which can be collected from the church. We are very pleased that the work by a number of committed groups catering for a variety of ages and abilities.

Longest Night Service

At this time of year some people are struggling, for many different reasons, and don't feel like they can join in with the Longest Night service responses. This year we are holding a service online but in a short, gentle and quieter manner. Anyone can come and receive the gift of hope as we move through the Longest Night together.
