

THE PROPHETIC VOICE OF THE CHURCH - LENT COURSE 2019

WEDS 13, 20, 27 MAR & 3, 10 APRIL @ 8PM @
ST MARY'S CHURCH HALL, WEST BERGHOLT

Our five-week study course for Lent 2019 looks at the radical nature of the gospel, with a special focus on the church in India.

We might think the prophetic voice belongs to the Old Testament, but we want to show there are still many prophets to be found throughout the world church today.

The prophets' voices are challenging because they alert us to issues we might want to ignore - they call us to be like Jesus, who stood on the margins, comforting the oppressed and challenging those who are comfortable.

Study 1: Community – inspiring congregations to be dynamic in mission.

Study 2: Injustice – taking action to combat human trafficking.

Study 3: Gender – a skills training programme is giving women a new lease of life.

Study 4: Climate – schools are inspiring a new generation to care for the environment.

Study 5: Hope – giving hope to India's marginalised Dalit and tribal peoples.
