

Murder-Mystery!

Follow the Clues

and *Solve the Mystery*

in the *Nefarious Case*

of the *Numinous Normanton Necklace*

Come on your own, or team up with family and friends, for an evening of fun & fantasy!

As well as competing to unmask the villain, would you also like to share in the actual performance? - we'll need a few volunteers to read parts: women, men, young people!

Lord St John ["Sin-j'n"] **Smirthwaite**
of Smirthwaite Hall [*elderly and agitated, desperately short of cash*]

Leticia Loscoe, sole proprietor of
'The Calder Cakehole', an exclusive
tea-shoppe for discerning clientele
[*'panto dame'; falsetto voice*]

Pippin, Under-Gardener at Smirthwaite
Hall, and Angelica's clandestine lover
[*young, virile, devious: this gardener is a bit of a rake*]

Angelica Smirthwaite, his daughter
[*something of a flirt; non-speaking part*]

The Honourable Demetrius Dalefield,
Angelica's suitor [*strikes an aristocratic pose: he likes to appear posh*]

Fanny Flanshaw, Angelica's lady's-
maid, brought up by nuns at Old St John's
[*a bundle of nerves: a great chatterbox with a tendency to over-dramatise - this is the largest part, but it could be split to allow for 2 or even 3 readers*]
