St Augustine's Endcliffe Parish Church

A Parish Pilgrimage

More Detail & Schedule

Why

The Parish of St Augustine Endcliffe was created in 1896, to serve the rapidly growing population of the area around Hunters Bar, which now houses approximately 8,000 people, including many students.

In addition to family and student housing, the area also includes a number of significant institutions which contribute to the life of the city and beyond.

This walk will visit 10 of them around the eastern and southern parts of the parish. At each place there will be a short introduction to its history and importance, ending with a short prayer for those it affects.

We believe that God is concerned for every aspect of life, and that the church should seek ways of expressing that concern.

Whether you have lived here for a long time, or only recently arrived in the Parish, you will find the Pilgrimage interesting.

Schedule
