LAUDES ORGANI

CITY
CHAMBER
CHOIR

The City Chamber Choir's Autumn Concert is an exhilarating program of choir and organ music from 19th and 20th century Europe, showcasing St Mary's Bourne Street's magnificent organ crafted by Henry Willis & Sons in 1928.

Kodály's **Laudes Organi** celebrates a virtuosic union of pipes and voices in his brilliant swansong. The '19th century's Palestrina', Rheinberger's magnificent **Mass in E flat** is rich in harmony and melody whilst Arvo Pärt's **The Beatitudes** is an enchanting blend of sound and silence. Recognized as a masterwork, Leighton's solo organ **Passacaglia** leads us to the conclusion of the program with Britten's beloved gem, **Rejoice in the Lamb**.

Early bird discount until 23 October 2025!
