Modern Slavery – Right Here, Right Now!

Modern slavery and exploitation thrive when people do not know what it looks like or where it can be found.

The session will help you understand what forms of modern slavery operate in Dorking, review some of the latest statistics produced by Surrey Police and National government, explore some common situations where people face exploitation at work, learn about the impact that modern slavery has on some individuals, look at how to report concerns and consider what actions you might take to reduce incidents of modern slavery in your community. **Each one of us can make a difference.**

All are welcome. The session will last about 1 hour and will be followed by a short service of Compline for those who wish to stay.
