

# Behold The Coat of Hopes in Dorchester

The Coat of Hopes is an ever growing patchwork garment on a long term pilgrimage through the UK, towards the end of the climate and ecological emergency.

It has been made, worn and walked by many hundreds of people, for a distance of over 2000 miles so far, carrying their hopes for the places they live in the face of climate and ecological breakdown.

The Coat is made up of pieces of blanket into which people have worked their griefs, remembrances, prayers and hopes for the places they call home. It carries a space in which to be present, and remember our shared responsibility as we face this climate and ecological emergency together.

All are welcome to wear the Coat of Hopes!

**Come and join us for Breakfast to see, wear, hear the stories and the song of the Coat of Hopes and share your hopes for your place at St Georges Church, Dorchester, DT1 1LB on Saturday the 21st of March 9 to 10.30am**
