

## Please, cover your face...

As of the 8th August face coverings became mandatory in places of worship so if you are coming to church for some private prayer and reflection then please remember to wear one whilst in the building.

A face covering is defined as something that safely and securely covers both the nose and mouth. Whilst this next 'new' normal takes some getting used to, please remember that face masks protect other people, not the wearer. It is the ultimate expression of love for our neighbour.

For the Church of England's full guidance on the wearing of face coverings please visit

## Test and Trace

The Covid-19 pandemic has created a unique situation and we are asking you to support the NHS Test and Trace programme by providing your name and telephone number if you visit our churches for private prayer.

This information will be kept securely and only used in the event that contact tracing is required to prevent onward transmission. Details will be kept for a limited time only.

For more information about Test and Trace, and how they will be using your personal details if necessary, please see the Government guidance website
