

Dear Friends.

As our season Lent draws to its close and we begin our second Holy Week in lockdown I thought I would draw your attention to some events which are coming up that you may wish to join with. Due to the ongoing situation many of these are online events but there have been some developments that mean worship in a church building on a Sunday is beginning to be a thing within our group of churches again. It will take some time before all the buildings open, and I do ask for your continued patience over this, but there is movement.

For the rest of us the Service at Home will continue to be mailed out every couple of week & our regular Zoom worship will continue on Sundays at 11am and Tuesdays at 10.30.
