Church Flowers

Our churches are regularly made beautiful with blooms and foliage for weekly worship and special festivals, as well as expressing our grief with flowers at funerals and our joy at weddings. We rely on the talent of our flower arrangers and their gifts to the church.

We are moving towards the use of sustainable church flowers, this means avoiding the use of floral foams/oasis, using local, seasonal flowers, avoiding the use of plastic containers and composting old displays. As ever we are pragmatic: where we already have plastic containers or oasis, we are re-using or using up existing supplies and being very careful about disposal.
