Come along and share the morning, have a cuppa and a slice of cake – helping to raise money for such a wonderful cause – a charity that provides such amazing support to those suffering from cancer, and its effects; and caring for and supporting their loved ones.

Generous Giving

Regular sustained giving is essential for a parish to be able to continue the life and ministry of our parishes in our local community. On top of the core costs of paying for staff and clergy, parishes will also be required to pay for the ongoing bills that come from maintaining a church and church building, such as the electric, gas and insurance requirements.

In addition, parishes also raise financial support for unexpected building costs (e.g. storm damage to a roof), planned projects to enhance the church building (e.g. installing a toilet or lighting system). It is the hard work and generosity of our church communities that enable all this work to continue and for the church to thrive as part of the local community.

Primarily though I want to say Thank You to you all for all that you do for the churches and the communities we serve. Thank you, not just for your financial donations, but many of you give us your time and your skills which are just as important for the smooth running of our parishes.

As a Vicar, I always find it very difficult to ask for more financial donations, but hopefully you can see that without an increase in the generous donations we receive we can't keep doing what we are doing so well, and continue to reach out to our communities. To help us, I simply ask you to review your donations and see if you can increase your giving so that we can keep our churches open, and deliver ministry and mission in our benefice, and beyond.

If you would like to speak with me about your donation, please do get in touch.

Thank You!
