Building Works in our Churches You will no doubt have noticed recently that we have plans for development in our churches. When works are happening it is often necessary to close our churches for safety reasons. We are trying to keep this to a minimum. However, we will be closing Holy Trinity for 3 weeks in November. The church will close on the 3rd November and will reopen with new seating and lighting at a special service at 6pm on the 23rd November – just in time for the Christmas Tree Festival the following week.

**Do join us for tea and coffee after the service
in the hall next door!**
