NEW: UCRG 2026 Calendars are being prepared and we should have them out for sale in October - more details in the next newsletter. Christmas Pressie headache solved......thank us later! We are grateful to everyone who makes this fund raising calendar such a success each year, adding vital cash to our pot of money to use locally.

#### **NEW:** FREE FIRST AID TRAINING COURSE

The **Upper Coquet Resource Group** has organised another first aid course on **Saturday 20th September** from 9.00am – 3.00pm in **Harbottle Village Hall.** 

The "Emergency first aid at work" course is intended to give a basic understanding of first aid and introduce the participant to the fundamental, theoretical and practical aspects of first aid management. This certification is valid for three years, suitable for low risk working environments and small business needs. Certification meets the requirements of the Health and Safety Executive Regulations. The training will be delivered by Northern Training Partnership Limited.

The course is FREE and if you would like to attend then please contact Susan Rogerson by email: jsjrogerson@btinternet.com to book a place.

#### NEW: The 2025 Upper Coquet Resource Group Shillmoor Duck Race

Thank you to the many people who very kindly took part in this annual fund raising event by sponsoring the hundreds of little yellow ducks that were carefully unloaded into the River Coquet off Shillmoor Bridge during the summer. Thankfully water levels were sufficient to provide a good close race and challenge the catchers at the finish line.

All profits go towards the UCRG efforts in continuing to support local groups, defibrillator supplies, first aid courses and events. Thank you.

Should you wish to purchase/donate jigsaws, please contact Tracey Boldy, Pauline Bickle, Ann Hennessy or Margaret Ward. We have also tried our luck at selling online and this is proving a popular way to bring in additional income for the group.

The UCRG monthly quiz sheets you may see in various outlets can be purchased for the year ahead. They are coordinated by Margaret Ward (01669 650317) and they have been a fantastic steady way to boost our funds over the years. We continue to be grateful to Margaret and all those who regularly support this fun activity.

#### NEW: 151st Harbottle Show on Saturday 6<sup>th</sup> September 2025....Next Week!

The Team are extremely busy finalising this year's show and look forward to seeing you all on The Oak Field, Harbottle on the first Saturday in September.

So much to choose from but here goes....the splendidly impressive **Sheep Show**, lots of "enter on the day" **horticultural**, **industrial and children's classes** which are FREE **to enter** but donations are always welcomed in the buckets available on the gate or main tent and then there is the crowd pulling **Music Tent** delivering toe tapping quality sounds all afternoon courtesy of local musicians. The raffle and tombola are always winners. And then the fun community gathering in The Star during the evening for the auction of donated produce, a drink, chat and live music. Exhaustion with a smile guaranteed!

Ringside seats will be available to watch the ever popular **Cumberland and Westmorland Wrestling** with all of the usual classes. There will be plenty going on to keep the whole family entertained including races for both children and adults, the dog show, terrier races, archery and the quoits competition.

A variety of local crafts will be demonstrated and be on display in our Trade & Craft Tent, alongside trade stands from the local area. Why not join the car boot sale on the show field; £10 payable on the day and it will help you to have a bit of a de-clutter as well as enjoying the show from a prime location. And whilst you catch your breath between events and chats, please don't forget to visit our wonderful traditional tea tent; all brilliantly prepared each year by Sylvia, Jaycee and their team.

The 2025 Show Schedule is now locally available listing all of the classes at this year's show. Please have a look through and think about which classes you fancy entering. There are lots to choose from and all help to make the show a wonderful, colourful community display.

All on one field on one magical September day in Harbottle. Just like Brigadoon! So not long to go but it gives you plenty of time to bake, create, get fit, tune up, clear out the cupboards AND GET SOME CASH! Because just like Brigadoon there isn't a mobile signal on the show field so no card sales!

Tombola donations: can be dropped off at The Star Inn, Harbottle or with Janet Wood (ASAP please, thank you).

Raffle donations: can be handed to any committee member or handed in to The Star Inn, Harbottle ASAP please. Thank you.

BIG CALL OUT.....WE WOULD APPRECIATE SOME ADDITIONAL HELP THIS YEAR. For one reason or another the Show Team plus reserves are spread thinly this year and would welcome anyone willing to chip in with whatever time you can spare e.g. Thursday night set up on the show field from 6pm or an hour on the tombola or raffle on show day. Putting on a village show requires a great team of volunteers from this community who year after year give up their time to do so many tasks requiring such different skill sets. We are always wishing to expand the team so if you are willing and able to help out in any capacity be it on the day (car parking, stints on raffle or tombola etc.), during Show week (setting up the show field – always on the lookout for the next generation of strong bodies, help inside of tents etc.) or at any point in the year (committee, help with bookings, assist with schedule booklet preparation etc.) then please get in touch via the "Contact Us" section on <a href="https://www.harbottleshow.com">www.harbottleshow.com</a>.

All help is very welcomed so why not pop along to the show field on Wednesday or Thursday evening 6pm or Friday morning to lend a hand? Otherwise we look forward to welcoming you to the Show Field next Saturday.

#### And in this year's Harbottle Show Music Tent...... we present:

#### The Rob Heron Trio

For over a decade Rob Heron and his musical chums have been gleefully tramping across genre boundaries of rockabilly, blues, country, swing and soul, and have toured widely across the UK and Europe under a number of guises.

Based in Newcastle we've brought Rob and a couple of his very talented pals to Harbottle for you to enjoy an energetic and lively performance full of good music and dry humour.

Prepare to enjoy yourself, tap your feet and sing along with these wonderfully entertaining and likeable musicians!!!!

#### The Lumaches

The Lumaches are a performing, writing and production duo based in Leeds but with local roots in Holystone (Mac Fielding and Cat O'Neill)!!!! Their sound is described as 'alt-folk-jazz'.

Over the years they've busked in Leeds, played at the Cluny in Newcastle and the Scala in London. Hear summery bossa nova rhythms meshed with soulful and conversational lyric delivery!!!

#### James Tait

James is a well known local musician and song writer, renowned for his melodious playing and relaxed renditions of Northumbrian music as well as popular modern songs. Sit back, chill and enjoy James' performance.

#### Quotes from current local dancers:

"Good fun, made new friends and the perfect way to keep fit."

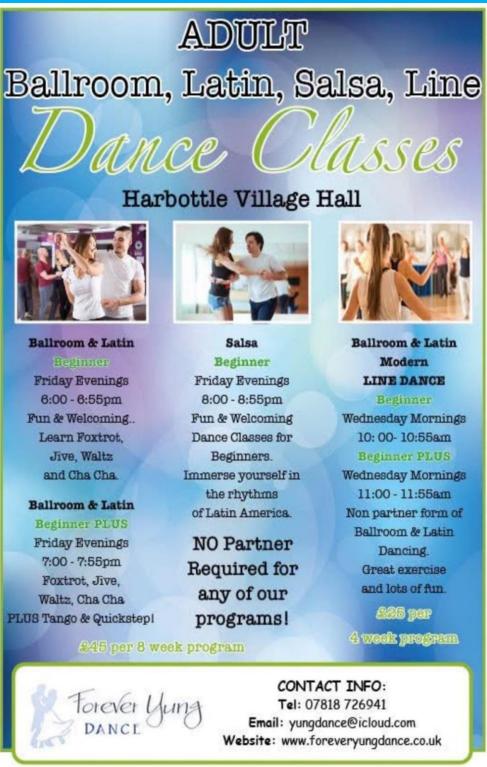

"We never thought ballroom dancing would be our cup of tea, but we joined when we moved here, just to get to know people. We've loved it ever since and I have even taken up Salsa classes!"

"There is no such thing as bad dancing, its all just joyful."

"Great fun with a very patient teacher, nice meeting new people including the opportunity for coffee at The Star after some good, gentle, relaxing exercise."

"Very friendly groups; great teacher. You won't regret it. One of the best things I have done; love it!"

"Just love it and it makes me smile. Like the social, health & fun aspects, including the social dances expertly curated by Lisa, as well the challenge of learning so many different styles of dance slowly over time. Ken has the patience of a saint, carefully explaining and re-explaining the steps to us."

#### <u>Travelling to Europe? Don't get caught out by the 10 year rule</u>

UK travellers used to be able to carry up to nine months left on an old passport over to a new one.

This meant that a passport could be valid for more than 10 years.

This did not matter when the UK was a member of the European Union (EU).

But the rules changed after Brexit, and the majority of EU countries no longer accept British passports which were issued more than 10 years before the date of travel.

This is known as the "10-year rule".

To enter those countries now, your UK passport must:

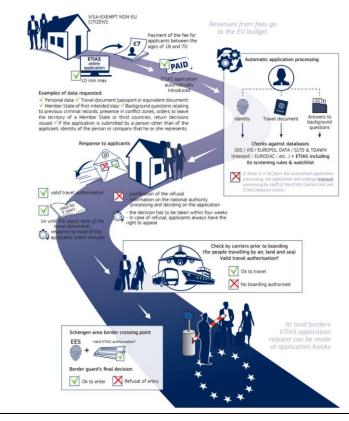

- have been issued less than 10 years before the date you enter the EU country (i.e. the "date of issue")
- be valid for at least three months after the day you plan to leave (i.e. the "date of expiry")

If your passport does not meet these requirements, you will be refused entry.

#### **EES / ETIAS and Travelling to EU**:

This much delayed biometric data scheme is delayed again with EES expected to become operational in October 2025 and ETIAS expected to follow in the last quarter of 2026.

#### **Landlines are changing**

**Storm Eowyn 2025** set a challenge for the new mobile mast in Upper Coquetdale. So when people needed mobile reception in a power cut where was the reliable alternative to the old trusty copper wires of a landline? Who else resorted to their old non-digital phones on that Friday when the power went off along with the mobile signal?

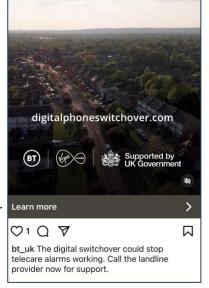

BT is the first telecoms company to axe the timetable that would have seen the nation's old landlines replaced with digital phone lines by December 2025. The timeline for completing the transition has been pushed back to the <u>end of January 2027</u>...but companies are working on this switchover NOW.

In power cuts: the new digital phone services will not work. If you do not have a mobile phone or reception then your provider should give you a battery back up so that you are not cut off if there is a power cut. Remember to check how long the offered battery pack lasts for and discuss if it is sufficient to cover the length of power cuts that we usually endure.

If you are worried about being switched over based on your lack of mobile phone or internet, or our poor history of power cuts, or rely on personal fall alarms or burglar alarms, or have medical worries that require access to 999 etc ....then get in touch with your provider NOW and check if your devices will work with this new enforced digital connection.

This is especially important for those who rely on Telecare alarms. Providers need to know this information to ensure customers continue receiving Telecare services without disruption during the switchover.

The government alert is to take place on Sunday 7<sup>th</sup> September and is designed to warn of danger to life nearby, including severe weather threats, and putting your phone to silent will not mute it. It will allow for the sending of vital information and advice.

Mobile phones will vibrate and make a siren noise for about 10 seconds, as well as displaying a test message. However if your phone is turned off, connected only to 2g or 3g networks then you won't receive an alert.

### PARISH OF UPPER COQUETDALE

### COMMUNITY NEWSLETTER

September 2025

#### **NEW**: The Happenings

A perfect summer holiday, although the farmers are crying out for some rain! However it has brought endless visitors to the valley and hopefully very good business for the hospitality venues.

Sadly still no good news on the Rector front but we did have a very nice visit from The Rev. Canon Thomas Woodhouse who is Chaplain to the King's Chapel of the Savoy within the Duchy of Lancaster and is involved with the appointment of a Rector. We hope he had a thoroughly good weekend meeting lots of parishioners and was taken around the parish whilst visiting all of the churches in it, and completed the visit by taking the Sunday service at Rothbury along with Rev. Storey.

We have "Churches Together" on Sunday 31st August at Alwinton and hopefully a full congregation with a merry coffee session following!

We wish all the students well who are moving up to Middle or High School, or university and any new children starting at our local Harbottle First School.

Julia

#### **NEW: 200 Club Winners for September 2025**

£20: Andrea Routledge £15: John Christopher £10: Isobel Blakey

The Parish website has moved: to the Church of England site called A Church Near You - and it is important to include the "A": <a href="https://www.achurchnearyou.com/">https://www.achurchnearyou.com/</a> Simply type in the name of your church e.g. Alnham or the postcode and the site will take you there. Eventually we will probably add a Parish site but at the moment all the information is to be found at each church's page. Please remember it is a growing site and it will take a while to add everything and to make sure we are making the most use of the site.

### New: And finally from all at the UCRG:

Thank you for reading this far and....

We wish all the very best to all of our local youngsters who are moving on to new schools, places of work or further study (and don't forget to apply for that Rothbury Educational Trust grant!).

Enjoy the local shows and perhaps volunteer to help in some way as it is always very welcome.

Hoping the month ahead is kind to you all, as we all sometimes just need months like that.

Take care

We are still trying to widen the Newsletter coverage, as well as our contact database. We don't have a complete set of contacts for all households in the area. PLEASE CAN YOU HELP? We are grateful to the many that we know of who already print and share copies with their neighbours, especially for those living "off the net." Also, if you have new or old neighbours ask them if they wish to join the blind copied distribution list by asking them to email me, Tracey, on <a href="stickypud@harbottle.net">stickypud@harbottle.net</a> and I will add them to my list. Susan also has a distribution list and posts the latest copy on some local social media outlets. It isn't perfect but at least we keep trying to improve it. Thank you.

The UCRG has been established over 20 years as a registered charity. We promote the benefit of the inhabitants of the Upper Coquetdale area, consisting of the parishes of Netherton & Biddlestone, Harbottle, Hepple & Alwinton. The charity provides facilities in the interest of social welfare for recreation and other leisure time occupations. Throughout the pandemic we were able to continue with our community newsletter in electronic form enabling isolated communities to keep in touch, and renewed batteries and consumables for the Alwinton & Netherton defibrillators in 2021.

In 2022 we funded the provision of a defibrillator in Harbottle village at a cost of £1510 plus the cost of several first aid/defibrillator training courses open to anyone in the local parishes. In 2023 we assisted with the training of members of the local Archery Club and again run a free First Aid Course for 7 locals. In 2024 we have covered the cost of consumables in some local defibrillators, contributed to the mat fundraising efforts of Rothbury Wrestling Academy, assisted in the repair of the trailer belonging to the Coquet Valley Archers and made a donation to Coquetdale Squirrel Group to help them continue their important work.

If you know of a group that may benefit from some funding and they meet the above criteria, then please contact us via <a href="mailto:isjriogerson@btinternet.com">isjriogerson@btinternet.com</a>

If you would like to advertise your business in return for a small donation and reach many local households each month, then please contact Susan Rogerson: <a href="mailto:jsjrogerson@btinternet.com">jsjrogerson@btinternet.com</a> All funds raised, plus extra donations and money provided via fund raising events, help The Upper Coquet Resource Group (UCRG) to keep this voluntary community group going.

### POT HOLES DON'T REPORT THEMSELVES!

Have a go after every journey as it is very easy to do. <a href="https://www.northumberland.gov.uk">www.northumberland.gov.uk</a>, scroll down to TOP TASKS and click on Report a Pothole.

TASKS and chek on Report a Fotnoic.

Alternatively phone them on 0345 600 6400.

How easy is that?

NCC defines "an actionable defect" as a pothole of at least 40mm (1.5 inches) deep and a minimum of 300mm (1 foot) in diameter. However, we think that if you aren't happy, then report it!

#### **Reminder from Northern Power Grid:**

Winter is coming...Being winter ready isn't just about getting your big coat out. We know northern winters can be tough. Whilst we will do everything in our power to make sure the cold doesn't dampen our winter season festivities, the weather can be severe enough to damage your local electricity network.

We will do everything we can to prevent this, including spending millions of pounds on maintaining and looking after your power network. But it can still happen, particularly in winter weather. So, as we get ready for the season of fireworks and festivities, it's important that you know what to do and are prepared if your power goes off.

#### Support available for our customers

If you experience a power cut, the easiest way to report and access the latest information is via our website <a href="www.northernpowergrid.com/power-cuts.">www.northernpowergrid.com/power-cuts.</a>. Alternatively, our teams are here for you 24/7 by calling 105..store this number on your mobile or address book.

You can also find some useful hints and tips on our website at <a href="www.northernpowergrid.com/what-to-do-in-a-power-cut">www.northernpowergrid.com/what-to-do-in-a-power-cut</a>. Our customer support vehicles are prepared and ready to go out into local communities, where possible.

#### Power cut advice and tips include:

- Bookmark Northern Powergrid's online power cut map and reporting service on your mobile devices www.northernpowergrid.com/power-cuts
- Have a charged mobile phone with important numbers saved, including 105, the free national power cut phone
  line.
- Turn off electrical appliances at the socket (this is particularly important for heating or cooking appliances as your power could be restored at any time and potentially cause a safety hazard).
- Keep one light switched on so you know when power is restored.
- Keep a battery-operated or wind-up torch handy they're much safer than candles.
- Have a grab bag ready in your home with a torch, spare batteries, charged power banks, and a blanket just in case!
- Check on your elderly or sick neighbours and relatives.
- Ensure you have warm clothing and blankets handy and some food and drink in your home that does not require electricity to heat or prepare it.
- Call 999 in the event of a medical emergency.

If you have additional needs due to your medical or personal circumstances, and are not part of our Priority Services Membership, you should consider joining for **free** by visiting <u>Priority Services Membership</u> or <u>calling 0800 169</u>
