“Eco Church is a scheme to help church communities improve their Environmental impact.

A Rocha has developed Eco Church, an award scheme for churches of all denominations in England and Wales who want to demonstrate that they care for God’s earth.”

Eco Church, Action of the month: October:

This month we are focusing on making one or two small changes to our lifestyle, which will make a difference to our planet, which is being so damaged by plastic waste. Here are a few suggestions:

- Choosing eco-friendly sponges/pan cleaners - now available in many supermarkets, or online via SMOL or Seep which are plastic-free.
- Using a bamboo toothbrush instead of one with a plastic handle
- Making sure that if you have plastic packaging - eg yoghurt or cream cartons, fruit 'cartons' etc you recycle them with your bottles, jars and tin foil.

Thank you! Let us know how you get on!

Fairtrade stall

I am sorry but, for different reasons, I can't be at church on this Sunday, 26th, and the next, 2nd November. I do apologise that the stall won't be available, but if there is something you really need please speak to Rowena. It will be back on 9th November, with lots of wonderful Real Advent Calendars, Christmas cards, etc. - so please save up your money!! Hilary
