

A declaration of God's Sovereignty over us

Please speak this out loud everyday as part of daily prayer:

We declare God's Sovereignty over our lives, over our country and all people.

We declare that Jesus is the one in whom salvation is found.

We declare that the God of life brings healing, wholeness and health to our communities.

We believe in the God of miracles, the one who calms the storm, heals the sick and raises the dead.

In this year - We believe in a God who is bigger than the situations we now face.

We believe that into every situation, God brings light, peace and health to body, mind and Spirit.

We believe that God by his Holy Spirit is going to use us to make a difference, to be different and that Jesus is made known and honoured among us.

We declare this over our lives, our families, our Church and this community. Amen
