TEAM ADVENT STUDY GROUP

As in past years, a study group will meet during the weeks of Advent, on Fridays, 10:15 – 11:30am in St Thomas and St John's church. The first session will be on Friday 5 December., There is no need to register and it is free of charge. Beginning with a brew, we will then be guided by the Archbishop of York's pick as an Advent book: "Listening to the Music of the Soul", by Bishop Guli Francis-Dehqani. During the weeks of Advent, this study will replace the usual Friday Friends Bible Study.

It has been said that "Listening to the music of the soul" is a wonderfully evocative phrase – but what does it really mean for the everyday anxieties of life? Bishop Guli Francis-Dehqani invites us on the deepest journey of all: one within our very souls. To listen to the music of the soul, Bishop Guli writes, is to "connect in a meaningful way to our innermost being" – to release the pressure to be someone we are not, and inhabit our lives more fully, in deep and authentic relationship with God.

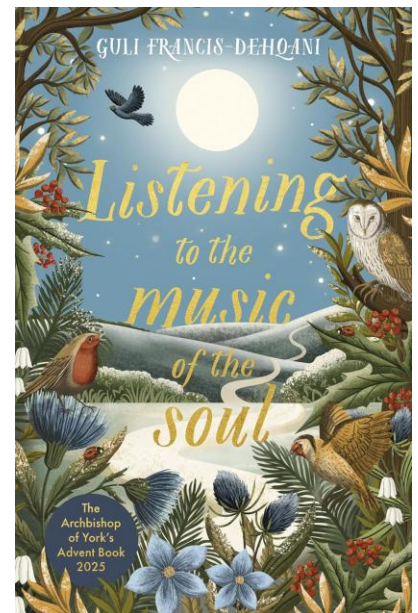

Bishop Guli's invitation is rooted in her own remarkable story. She arrived in the UK as a refugee forty years ago, following the murder of her brother in the wake of the Iranian Revolution. Growing up as a Christian in Iran and later fleeing to escape religious persecution, she knows exactly what it means to experience an identity shaped by complexity – and the struggle we all share to make sense of who we are.

In a highly digital world of social media soundbites, polarized debates, and the demand for instant responses, Bishop Guli offers another way. This Advent, her invitation to us to pause and "listen to the music of the soul", is a call to rest in life's nuances, in the fertile spaces in between, where beauty and pain coexist – and where, in that very tension, we encounter God most profoundly.

Relating her vivid life story to the biblical narratives of Advent, Bishop Guli encourages us to see our own journeys within the greater story of God's unending love and His purpose for our salvation. Each chapter invites us to listen to a musical interpretation of its theme (accessible via QR code), whether flight, angels, or hope, and encourages us to respond in a way that is deeply personal. From Mary's Magnificat and its hope for the overlooked, to the harmonies of silence and darkness, fear and hope, and light and space that accompany the season of Advent, *Listening to the Music of the Soul* draws into the beauty of God's reconciliation with humanity through the birth of Jesus.

Island Discs".

The accompanying music to each chapter, whether familiar or not, becomes a companion to us on this journey, helping us tune our hearts to the deeper music of the soul. And in that inner music, we find ourselves drawn into the wider melody of God's love, where our lives are held within the heartbeat of His eternal song of salvation.

To participate in the group, it is not necessary to have the book but, if you would like to have a copy it may be ordered from Amazon and other booksellers for about £10. If you have access to BBC Sounds, you can find the 2024 recording of Bishop Guli's appearance on "Desert

Mission Community Recycling Initiative

Our joint recycling initiative began in July 2024; since then, the Churches of our Mission Community have collected:

- Over 1,000 pairs of unwanted prescription glasses
- Over 4kg of used stamps
- Multiple bags of unwanted bras
- And also raised over £30 for Christian Aid via recycled ink cartridges.

Recycling means that these items are not only being kept out of landfill; they are helping people in the UK and abroad who are in the greatest need.

Coming Soon ...

Window On Advent

Saturday 29th November 9.30 – 11.30am @ St. Andrew's, Hillock. M45 8NA.

Each of our Churches will provide a prayer station on an Advent theme; why not join us for a time of reflection & prayer as we begin our journey through Advent together. There will be the opportunity to receive personal prayer in the Side Chapel if required, plus refreshments also available, making this an ideal time to meet other members of our Mission Community.

Advent Zoom Prayers

Each weekday evening from Monday 1st December to Tuesday 23rd December, 6pm on Zoom. Advent Zoom Prayers last for no more than 10 minutes & are led by a different Church each evening, making this a great way to come together in prayer & fellowship as we journey through Advent. To join in, simply click on the link below any weekday evening at 6pm:

Eco Tips

December – More waste ends up in landfill at Christmas than at any other time in the year. Why not take the opportunity to review and improve your own recycling & the opportunities available for recycling in your local area.

January – Rather than giving up something in the New Year, why not resolve to take on a new 'green' or Eco-friendly challenge – maybe you could take up litter picking.

In The Spotlight ... St. Andrew's, Radcliffe & Christ Church Walshaw

Over the last few months, both Christ Church, Walshaw, and St Andrew's, Radcliffe, have followed the Bible Course. Produced by the Bible Society, the course introduces the big story of the Bible over 8 sessions. There is a video for each session, with teaching from Andrew Ollerton, plus a short piece each week from an expert on the week's topic and a relevant testimony. It introduces a simple graphic which our churches have found really useful to remember the way the stories and different books of the Bible fit together. Each week suggests Bible passages to look at together and a few questions to discuss during a pause in the video. There is also a handbook available to accompany the course, plus lots of additional resources on the Bible Society's website. All resources are available for free on the Bible Society's website, except the handbook which costs £10 a copy, with discounts if you buy in bulk. We all found Andrew Ollerton really clear and easy to listen to. Each week starts with a recap of the story so far, so we could keep track of where we were up to as we went through. It's really accessible for new Christians, but at the same time even longstanding members of both churches found themselves learning new things! We have followed the course in existing home groups as well as in small groups set up just for this purpose. At the same time, we have followed a sermon series on Sundays built around the same themes. I would really recommend this excellent resource.

Rev'd Steph Mawhinney – Vicar of Christ Church Walshaw & St. Andrew's, Radcliffe.

A Prayer For The New Year

Lord,

Whether I leave behind a year of joy or of trials and difficulties, I pause to give thanks.

Thank you for being with me every day of every year.

Thank you for making all things new and for giving me the grace of fresh starts and new beginnings.

Remind me of your presence in the days to come, even when I feel pushed and rushed by busyness.

We gloried in my life this year.

Amen

Our Diocese: Our Vision

Bishop David writes:

Our vision is for Manchester Diocese to be a ***worshipping, growing, transforming Christian presence at the heart of every community.***

Much of what we are doing in Manchester Diocese is already contributing to a culture of hope and an expectation of growth, working with our parishes, schools and chaplaincies. This includes many forms of inherited as well as fresh expressions of church. We serve in an area that has a rich history of culture and innovation, made up of diverse and vibrant communities, and a longstanding commitment to social justice. It is a wonderful place to engage in Gospel Ministry.

Our work together grows out of Jesus's Great Commandment which is to 'love the Lord your God with all your heart and with all your soul and with all your mind...and love your neighbour as yourself'. (Matthew 22: 36-40)...

... and out of his Great Commission, 'to go and make disciples of all nations, baptising them in the name of the Father and the Son and of the Holy Spirit' (Matthew 28:19-20).

Our strategy is based on positive, inspiring and relevant plans for the future. It is enabling us to bring together the key areas of opportunity and challenge, building on our learning and experience from the significant changes and investments that are already underway. Many of these changes have focused on new ways of working together which are becoming embedded in the life of our diocese.

Building on these successes, we are shifting to the next level in setting our priorities and working out what we want to achieve next. Given the excellent start that has been made, we now have the opportunity to be even more creative and ambitious with our plans for the future, based on the following distinct but interconnected themes:

Providing direct support for [parish renewal](#) is central to our work together. Our prayer and goal is to bring more people to faith in Jesus Christ and increase church attendance by a third over the next ten years. We are working closely with our parishes to understand the opportunities and challenges they face and secure their missional and financial future. Mission communities are key to this, enabling parishes to work together in serving their congregations and bringing new people to faith. Clergy deployment, parochial reorganisation and supporting our most fragile churches are important strands of this work. We are also strengthening the support we provide to church officers with training, resources and new technology.

We have been doing great work in the area of [growing younger](#), to ensure there is a thriving children and young people's ministry within reach of every young person and double the number of young active disciples in our churches. We have been trialling new approaches with the Children Changing Places project in Bolton, and Man Dio Growing Faith in the other six deaneries. We are now bringing this experience and learning together to develop a comprehensive approach to engaging with children and young people and their families across our diocese. Our particular focus is on how best to strengthen the links between our churches and our church schools supporting every parish and mission community with this.

We have had similar successes with [church planting and revitalisation](#). Over the last seven years, we have set up four new resource churches and over ten church plants. We want to build on the experience of our existing resource churches at the same time as

investing in new resource churches and new church plants, so that churches carrying a DNA of mission are established across our diocese, particularly in communities where attendance is low.

Developing missional leaders is a key priority for us so that we bring forward a new, diverse generation of mission-minded ordained and lay leaders. We recognise the importance of investing in our clergy so they are equipped to grow our churches, especially given the number of newly ordained clergy who are being appointed to stipendiary roles. As a diocese we continue to focus on developing our lay people, particularly through our Authorised Lay Ministry, Focal Ministry and Reader programmes. Supporting the vocations of clergy and lay people with the calling and skills to grow new faith communities, continues to be important to us.

In all of this we are deeply committed to championing **racial justice** and ensuring that our clergy, lay leaders and congregations represent the rich diversity of our diocese.

We are working towards the 2030 **net zero carbon** goal set by General Synod, by supporting our churches and schools with measuring their energy use and taking simple, practical steps to reduce their carbon footprint.

We will continue to provide a safe environment for all by promoting effective **safeguarding**.

Across our diocese, people hold diverse views and express their faith through **different traditions**, united in a passion for Jesus Christ and his Church. Our bishops honour these differences by inviting church communities from across our diocese to learn together, support one another and listen to God.

These priorities align with the Church of England's overall vision which is to create a church of missionary disciples, where mixed ecology is the norm, and whose membership is becoming younger and more diverse.
