

17th January 2026 Kitchen works update from Rev. Malcolm

Over the past couple of weekends we have done prep work for and then lowered the floor on the opposite side of church, and so we now have a large flat area at the back of church. We will need to do some finishing works to the edging, and of course cupboards will be built at the back of the pews, but we are gradually getting there, again a huge thank you to everyone who has worked so hard on this.
