

31st January 2026 Kitchen works update from Rev. Malcolm

The joinery team have been in church at the end of the week, and have installed the front panels to the kitchen, after a couple of weeks of hard work in the workshop. They have only so far had a single coat of stain, so are a bit pale, but once fully stained and oiled, hopefully they will look like they have always been there. There is still a lot of work left to do, but we are slowly getting there. We would not be where we are now without a huge amount of hard work from the volunteer work group so big thanks to them.
