The Middle East Crisis

The Archbishop of Jerusalem, Hosam Naoum has offered us this prayer:-

O God of all justice and peace, we cry out to you in the midst of the pain and trauma of violence and fear which prevails in the Holy Land. Be with those who need you in these days of suffering; we pray for people of all faiths – Jews, Muslims and Christians and for all people of the land. While we pray to you, O Lord, for an end to violence and the establishment of peace, we also call for you to bring justice and equity to the peoples. Guide us into your kingdom where all people are treated with dignity and honour as your children – for to all of us, you are our heavenly father. In Jesus' name we pray, Amen.

Eco Tip of the week

1. Bag for life - The plastic bag charge has already encouraged a fantastic 98% reduction in plastic bag use in the UK! Yet we still use nearly half a billion single use plastic bags a year. Keeping a bag for life in an easy and convenient place so that you never find yourself at the till without one, is a simple way of helping to move us closer to giving up single use plastic bags completely.

2. Reusable coffee cups - In the UK, we use 7 million coffee cups each day! Less than 1% are actually recycled due to the plastic lining used to make the cups waterproof. Purchasing a reusable coffee cup and taking it with you next time you get a coffee will reduce your environmental impact.
