New Eco Church group

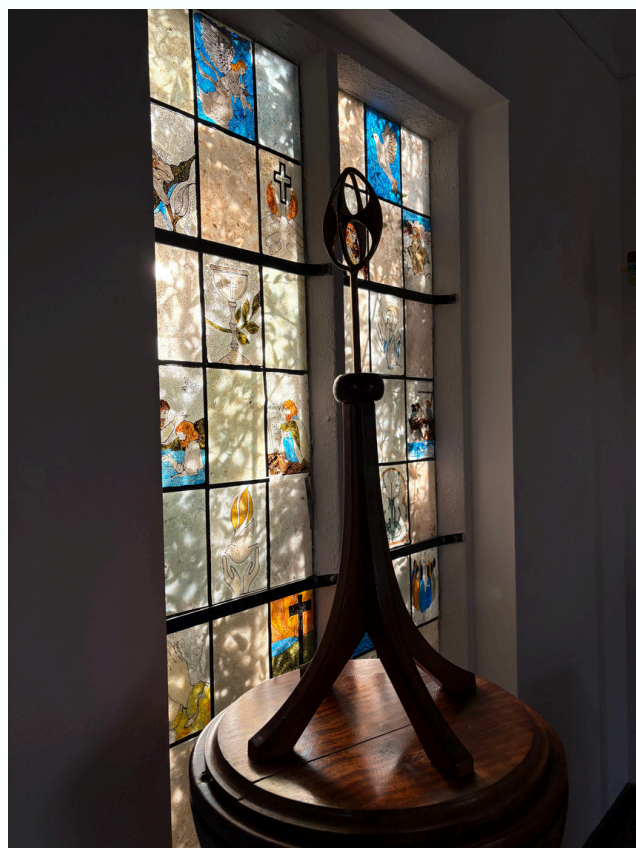

We are very blessed at St. Luke's to be surrounded by a wonderful green space, we are also very blessed to have green-minded and green-fingered people amongst us!

So Sally, with the blessing of the p.c.c, would like to bring the two of those together to form an eco group using the framework as set out by Eco Church

<https://ecochurch.arochoa.org.uk/>

With all natural and organic things, we are sure small, green changes will take time so we are excited to see what God will do through this new project. Do contact Sally at sally.ba.vin@hotmail.co.uk if you'd like to join.

Light coming through the window after morning prayer

Prayer for February

God of lengthening light, as February unfolds in small signs of hope, kindle in our estate community a deeper trust in your nearness. Bless our neighbours, especially those who feel winter's weight, and strengthen us to be bearers of warmth, welcome, and justice. Root us in Christ's compassion, and guide us as we prepare our hearts for the journey toward Lent. In your mercy, renew us day by day. **Amen.**
