New Starts

I have been thinking about new starts in the last few weeks. The licensing service marked a new start, for me and for this church. The recent new year is another new start, and soon we will be moving towards Easter- which offers us each the ultimate new start as we celebrate resurrection power.

New starts sound great. We all like the idea of a fresh clean start. New sheets on a bed -is the best! New clothes make us feel swish and new notebooks seem to offer a unique sense of starting. Other new things take a bit more time; new shoes- take time to break in, new friends take time to build, new seasons take a while to emerge- think of the snowdrops just about popping up. Of course most of us also like old familiar things too; that jumper that fits, those slippers, that friend that is always been there.

This period in Holy Trinity Dinting is a season of change, it can be odd and unsettling. Ecclesiastes tells us there is a time for everything, Isaiah tells us that God is at work doing new things, and Jesus talked about new wine being put into new wine skins and not old ones. As we navigate this season together my prayer is that we choose to be hopeful, helpful and open to the Holy Spirit. I am so pleased to be here and look forward to this season of getting to know each other and seeing what God who is always creating and restoring does. Love & Blessings Laura x

JESUS 100

We have started reading the Jesus 100 book together and are using it for our Sunday Services for the next few weeks as we journey through the gospels with the aim of finding Jesus, following Jesus and being like Jesus.

There is a copy for everyone as a welcome gift from Laura so if you don't have one yet..... pick one up.

This is a good way to get back into reading the bible, or dip your toe in if you've never read it before. A short reading a day and I promise that God will meet you in this activity, bless you and grow your faith.

Lectio 365

Have you tried Lectio 365?

This is a free App that gives you a short bible reading, a thought and a prayer. Made by 24/7 Prayer it is really good. 10 minutes a day with God. And you can even listen to it rather than read. A perfect companion for walking the dog.

Glossop area morning prayer

3 minutes morning prayer on your phone by Whats ap from our family of churches in the Valley. You will spot some familiar, and some new faces amongst the 85 people already joining in in short videos.

Message Rev Chris to join. 07876 402947
