Gospel Reading

Luke 18: verses 28 to 40

Hear the Gospel of our Lord Jesus Christ according to Luke.

All: Glory to you, O Lord.

Luke 18:28-40

After Jesus had said this, he went on ahead, going up to Jerusalem. When he had come near Bethphage and Bethany, at the place called the Mount of Olives, he sent two of the disciples, saying, "Go into the village ahead of you, and as you enter it you will find tied there a colt that has never been ridden. Untie it and bring it here. If anyone asks you, 'Why are you untying it?' just say this, 'The Lord needs it.' " So those who were sent departed and found it as he had told them. As they were untying the colt, its owners asked them, "Why are you untying the colt?" They said, "The Lord needs it." Then they brought it to Jesus; and after throwing their cloaks on the colt, they set Jesus on it. As he rode along, people kept spreading their cloaks on the road. As he was now approaching the path down from the Mount of Olives, the whole multitude of the disciples began to praise God joyfully with a loud voice for all the deeds of power that they had seen, saying, "Blessed is the king who comes in the name of the Lord! Peace in heaven, and glory in the highest heaven!" Some of the Pharisees in the crowd said to him, "Teacher, order your disciples to stop." He answered, "I tell you, if these were silent, the stones would shout out."

This is the Gospel of the Lord.

All: Praise to you, O Christ.

Revision of St Michael's Electoral Roll 2026 -

The annual revision of the church electoral roll is taking place between 15 March - 4 April before the Annual Parochial Church Meeting which will be taking place in church on Sunday 19 April. To be actively involved at the meeting you need to be on the roll. Please contact Susan Radford or any PCC member before 4 April if you would like to be added to the roll.

THIS WEEK'S GREEN TIP USE YOUR FOOD WASTE CADDY!

From 31st March Derby's food waste will be sent for recycling through a process called Anaerobic Digestion (AD). This process uses microorganisms to break down food waste in the absence of oxygen, inside an enclosed system. As it breaks down it gives off methane, which is collected and converted into biogas and used to generate renewable energy. It also creates nutrient-rich digestate that can be used as a fertiliser for agriculture and in land regeneration. You should have/will receive a 5 litre caddy to store all your types of food waste, including bones and carcasses, raw meat and dairy products.
