## A Prayer for Iran

A prayer by the Rt Revd Dr Guli Francis-Dehqani, Bishop of Chelmsford.

*Ever-loving God,  
who hears us in our anguish and distress,  
and longs for us to be free.*

*We pray for the people of Iran and the wider Middle East, at this time of fear and uncertainty.*

*Be near to those who are anxious;  
bring comfort to all who are suffering.  
Guide those with the power to make decisions,  
and lead them in the ways of wisdom, compassion and moderation:  
that people of goodwill would seek harmony and reconciliation.*

*Join us with our Christian brothers and sisters in all places,  
in praying for peace with justice,  
through him who is the prince of peace,  
Jesus Christ our Lord.*

## Eco Tip of the week

Helping with a carbon conscious this Easter:

**1. Choose Eco Eggs** - There are plenty of ways you can select an egg that is more sustainable without compromising on taste by thinking about the amount of packaging and if it is recyclable or plastic free, whether the chocolate is fair trade and organic or even if you could get a vegan dark chocolate egg. This goes for all Easter chocolate, not just the eggs.

**2. Sustainable Sunday Roast** - When it comes to the Easter roast, try to avoid air miles, unsustainable palm oil and excessive plastic packaging. In addition, if you have meat with your roast, purchase sustainable and ethically farmed meat, consider cooking less meat, and allow self serve portions to make sure that people only take what they eat.
