John Roberts  
Margaret Roberts  
Vince Ryder

## **A Prayer for Iran**

A prayer by the Rt Revd Dr Guli Francis-Dehqani, Bishop of Chelmsford.

*Ever-loving God,*

*who hears us in our anguish and distress, and longs for us to be free.*

*We pray for the people of Iran and the wider Middle East, at this time of fear and uncertainty.*

*Be near to those who are anxious; bring comfort to all who are suffering.*

*Guide those with the power to make decisions, and lead them in the ways of wisdom, compassion and moderation: that people of goodwill would seek harmony and reconciliation.*

*Join us with our Christian brothers and sisters in all places, in praying for peace with justice, through him who is the prince of peace, Jesus Christ our Lord.*

## **Eco Tip of the week**

This week is National Vegetarian Week and is a reminder how simple dietary changes can have a significant impact on your carbon footprint:

- 1. Give it a go** - Why not take the challenge and go vegetarian (or even vegan) for the week. Meat consumption contributes significantly to our carbon footprint. Switching to a non-animal diet can reduce your carbon footprint by 163.86 kg CO<sub>2</sub>e per year!
- 2. Remember to use in season food** - Eating in season produce helps decrease the air miles of your food. For May in the UK, carrots, broccoli, asparagus, artichokes, potatoes, spinach and rhubarb are all in season. Avoiding air freight and greenhouses when buying your food can reduce your carbon footprint by 10%.
