

Exciting news at

MAROWN CHURCH

Work begins on Monday 15th June 2026 on our new heating and lighting project

This means that the Church will be CLOSED for the duration of the work.

This is likely to be until early July.

People will still be able to visit the Churchyard but please be aware that contractors vehicles will be coming and going from the site.

Alternative arrangements for services are being made. Please look out for these on separate notifications.
