Season of Creation

There has been a growing movement across Christians Churches to mark a Season of Creation in September. It was introduced in 1989 by the Ecumenical Patriarch of the Orthodox Church and adopted by Churches Together in Britain and Ireland in 2008. This year the Church of England introduced the Festival of Creation in Christ on the 1st Sunday in September.

The Season of Creation runs from 1 September to 4 October (Feast of St Francis). Please look out for opportunities, coming soon, to be involved.

AN A ROCHA UK PROJECT

Eco Tip of the week

Renewable power boost:

1. Solar Powered Appliances - For day to day devices, solar powered options are often best for low powered appliances such as lights, speakers and keyboards etc. There are plenty of options out there which can help you save carbon and reduce demand for grid electricity.

When it comes to chargers for phones etc, there are a range of larger portable solar panel chargers that are handy for camping trips and hikes. Alternatively there are smaller portable power banks (which you charge from the mains) that can be topped up with solar.

2. Support Carbon Credit Projects - Funding carbon credits enables you to compensate for your carbon footprint by supporting carbon saving schemes. This is particularly good for making up for the emissions you can't prevent. There are many different types of carbon credit projects available to support with different benefits.

A prayer for Ukraine

*God of peace and justice, we pray for
the people of Ukraine today. We pray
for peace and the laying down of weapons.
We pray for all those who fear for
tomorrow, that your Spirit of comfort
would draw near to them. We pray for
those with power over war or peace, for
wisdom, discernment and compassion
to guide their decisions. Above all, we
pray for all your precious children, at
risk and in fear, that you would hold and
protect them. We pray in the name of
Jesus, the Prince of Peace. Amen*
