Making Rotherham Minster accessible to all:

David Castle's crazy bikeride from Inverness to Sheffield!

Rotherham Minster has long been a place that welcomes everyone, and is well established as a significant part of the community in Rotherham.

We welcome everyone, but we have a challenge making parts of this medieval church accessible to those who are physically less able, so we are replacing our defunct lift with a wheelchair-friendly ramp. This will make virtually the whole building accessible to all! The cost is over £60,000, and although we have a substantial disability grant that covers a large part of this, there is still an estimated shortfall of around £10,000 to find.

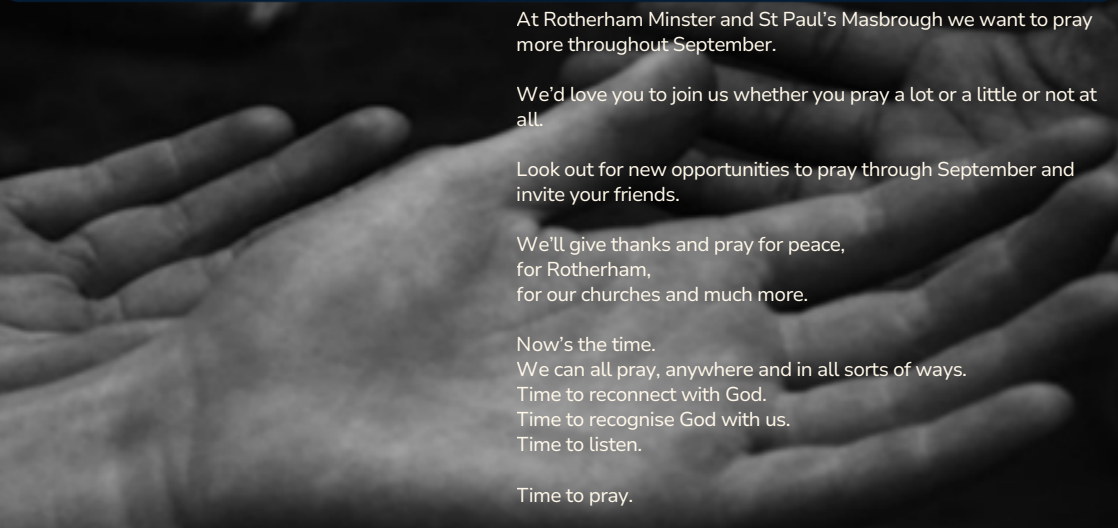

" Being a Church Warden at the Minster I wanted to help finance this, so at the age of 60 I'm cycling 500 miles from Inverness to Rotherham, starting on Saturday 12 September and ending a week later on Saturday 19 September. All I need to do is raise £20 per mile! Does that sound NUTS?? Will you help this worthy cause? Every little contribution helps! "
