ECO TIP FOR

September

LEAVE A LITTLE WILD THIS AUTUMN

As summer ends, resist the urge to tidy every corner of your garden. Leave some seed heads, fallen leaves and patches of longer grass.

They provide valuable food and shelter for birds, insects and other wildlife as we move towards winter.

HOW YOU CAN HELP

Leave seed heads on plants over winter for birds and insects.

Leave fallen leaves in a quiet corner or under hedges for shelter.

Allow some patches of longer grass to grow and go to seed.

"The earth is the Lord's, and everything in it."

PSALM 24:1

Small actions can help care for God's creation. ♥
Let's work together for a greener, kinder world.

Small spaces make a BIG difference!
