Pastoral Letter

IN-PERSON

“Six days before the Passover Jesus came to Bethany, the home of Lazarus, whom he had raised from the dead. There they gave a dinner for him. Martha served, and Lazarus was one of those at the table with him. Mary took a pound of costly perfume made of pure nard, anointed Jesus’ feet, and wiped them with her hair. The house was filled with the fragrance of the perfume”.

The story above takes place after Jesus has raised Lazarus from the dead, and a matter of days before Jesus would face his own death and resurrection. It takes place in a home, which is filled with people who are friends and who are very familiar with one another. The story is very much an “in-person” event.

As if to emphasise the in-person or incarnational nature, the story continues with Judas Iscariot complaining of Mary wasting the costly perfume. But then Jesus responds by chiding Judas with the words, *“Leave her alone. She bought it so that she might keep it for the day of my burial. You always have the poor with you, but you do not always have me”*. In other words, Jesus is saying “make the most of this in-person meeting”.

There are many people in this nation and across the world who would echo those words – make the most of your in-person meetings. As we slowly emerge from the COVID lockdowns and restrictions, people are having to re-assess how often they meet and how they meet, i.e. in-person or virtually. And there is no doubt that there are advantages that have been discovered regarding virtual meetings – less travel and the benefit to the environment, the comfort of meeting from home, the sharing of resources digitally and not on paper... But, and it is a pretty big “but”, but there are also disadvantages and a growing recognition that something is missing with virtual meetings – true human connection and the full human experience.

In our story about Jesus, if there had been no in-person meeting then there would have been no costly perfume made of pure nard, no anointing of Jesus’ feet with the perfume, and no wiping of Jesus’ feet with Mary’s hair. But most importantly of all, the house would not have been *“filled with the fragrance of the perfume”*.

When we do not meet, in-person, then there is no opportunity to change the whole atmosphere of our lives, or the lives of others.

Blessings in Christ,

Reduced numbers for the Coniston 14 Road Race by Geoff Cooper

This was the 39th annual road race originally planned for March 2020 but postponed on a further two occasions because of the Covid pandemic. It was finally underway on October 9th but with only 671 runners there was a big reduction on the usual field of over 1200.

The overall winner was Fraser Macdonald Oulds in just short of 1 hour and 20 minutes. Paul Reilly, who grew up in Coniston and competes for Helm Hill Runners came 7th. Catherine Williamson was the first woman home in 1 hour 32 minutes.

Many clubs from all over Britain competed in the race. A local band, "BLAST Furness" gave the runners a lively send off and reception as they ran back to the finish at the school.

It is a great community event supported by Coniston Mountain Rescue Team, the First Responders, the Police and over 80 volunteers on the day. The short road closure at the start and finish of the race again worked well and was appreciated by the runners. Many runners praised the friendliness of the race and its organisation.

Each year the Coniston 14 Committee raises some £20,000 from the race and this is donated to about 30 local charities and clubs in the community. Those interested in applying for funds should send letters to:

Geoff Cooper, Moorlands, Coniston LA21 8HB by the closing date of the 15th November, 2021.

Egton Cum Newland

Egton WI

Hi everyone welcome back to a sort of normality, we are at last getting there.

Way back in the summer of 2020 we gathered in a member's garden for a sunny picnic tea which was a great success and so nice to have so many of us together again. Alas there followed more lockdowns and so we have only just had our first indoor meeting at which one of our members entertained us with lots of information about archery which was fascinating. She is obviously an excellent archer having just come second in a national competition.

Prior to that indoor meeting we had held an outdoor meeting cum picnic tea at the Croquet Club having also had a successful croquet evening there. Once again we had glorious weather for our evening session and what a setting it is and with wonderful new facilities too.

Our WI has just done a second litter pick session around the village and main road area. This second time we were properly equipped thanks to the council so you may have spotted us in our fluorescent bibs and with "grabbers" in hand. Our efforts were gathered in the blue bin bags provided so you may have seen them by the bus stop awaiting collection.

We are always keen to welcome new ladies to our meetings and our regular evening is the second Tuesday of the month, 7.30pm at Greenodd Village Hall.

Lakeland Housing Trust

The Lakeland Housing Trust (LHT) was established in 1937 to help address the lack of affordable housing in the area. This issue has become even more acute today because of the relentless increase in second homes and holiday lets. Local people, particularly the young, simply cannot afford to buy or rent at prevailing prices. The sense of community is being lost and the situation is getting worse

The LHT provides low cost rented housing which helps keep our villages alive and allows local people to continue living in the heart of the Lake District. The charity has grown over recent years and now has more than fifty properties. They are distributed across the Lakes, including Ambleside, Coniston, Torver, Grasmere, Hawkshead, Langdale, Sawrey, Troutbeck and (soon to be) Broughton-in-Furness. Most have been bequeathed to the Trust, some have been built on land donated to the Trust and others have been purchased by the Trust, as a result of legacies. We are incredibly grateful for the generosity of those who have helped in this way.

I have spoken to several people who have decided to bequeath their homes to the LHT. They have done so in the knowledge that their properties will always be lived in by locals in need and that their generosity will help preserve a sense of community.

Our portfolio of properties is professionally managed by H&H Land and Estates. However, all our Trustees remain actively involved and all believe passionately in helping local people to continue living and working in the Lakes.

Further information about the Lakeland Housing Trust can be found at:

www.thelakelandhousingtrust.co.uk or by contacting us directly: 01539 721375 or kendal@hhlandestates.co.uk

Malcolm Tillyer QPM, Chairman

Rusland Horizons Trust

Following a short lull in events while the Rusland Horizons team did some long-term planning, including working on funding applications to support our activities, we are ready to spring back into action and are busy setting up a calendar of events and activities to keep us all active through the winter months! Here's a taster of some of our forthcoming events.

Dry stone walling with Jim Doherty

There are two dates planned, Sunday 31st October and Saturday 20th November. Both events will be held at Abbot Park Farm, above Bandrake Head. Whether you're an experienced waller or would like to try this traditional skill for the first time, this is a great hands-on event led by the very experienced Jim Doherty - full time dry stone waller. Our walls are such a treasured part of our landscape, and there is nothing more satisfying than standing back and admiring a section you have helped to restore.

Hedgerow Planting

We will be helping to plant a completely new line of hedgerow up at Thwaite Head in November. This is exciting for any number of reasons including helping with local biodiversity and providing a new, safe habitat for our native species. It will also be great fun to learn about the different native species chosen to plant, including taking into account climate change challenges and finding out how the hedge will be maintained until it is mature enough for traditional hedge laying.

Polytunnel work party

Our polytunnel will remain in storage for a short while longer until we are able to establish it at one of two possible earmarked sites. However, so as not to miss the current seasonal opportunity, we are delighted that Tony Woods, at Abbots Reading, has kindly offered to let us use an existing polytunnel at his farm.

There is some work to be done to get the polytunnel fit for purpose. We therefore will be holding a work party to help with clearing out of the polytunnel, mainly of brambles, before being able to put it to good use for some wildflower cultivation and growing of saplings. Keep checking our website, social media and newsletter for updates.

The Photo Competition and 2022 Calendar

By the time you read this, the winning photograph will have been announced and those making up the remaining eleven months will also have been chosen from among the 90 entries received. Don't forget to order your calendar (and one for your friends!).

The Rusland Horizons Christmas Bash!

Leaving the best until last! The most important date for your diary is the Rusland Horizons Christmas bash! This will be held on Sunday 12 December, and everyone is welcome. Details and activities are still being worked on, but we will share plans once they are finalised. As always, it will be the perfect way to get you and your family feeling festive and start your Christmas celebrations.

For the latest updates and details of these events, and all others, please keep checking our 'What's On' page on our website and follow us on Facebook and Instagram.

SCRT LAUNCH NEW POLLUTION REPORTING MAP

There has been a lot of talk in the news recently about sewage and pollution in our rivers and lakes. Water pollution comes in various forms such as chemical, agricultural run-off, sewage, or septic tank discharges. It can be a single point source such as from a pipe, a business or a Wastewater Treatment Works, or as diffuse pollution such as agricultural run-off.

SCRT work across South Cumbria to encourage people to be more aware of water pollution, water quality and to take action to reduce/prevent it. This can be working with farmers and landowners on beck protection and agricultural run-off to talking to householders about their septic tanks. We also run a variety of monitoring programmes.

We have just launched a new pollution incident map for the public to record local pollution events. This will make pollution incidents visible for the first time and help SCRT to drive water quality improvements in South Cumbria - visit www.scrt.co.uk/water-quality-map/

For more information on water pollution please visit our website: www.scrt.co.uk/water-pollution/

All pollution incidents should still be reported to the Environment Agency on 0800 807060

November is the time when you may start to see salmon and trout begin their spawning activities with the creation of their redds. These are scrapes in gravel and can range from the size of a dinner plate to a dustbin lid. They are more easily spotted in calm conditions, (polarised sunglasses help) just look for a paler patch in the bed of the river. If you do see any when you're out and about, please let us know.

South Lakes Citizens Advice

I'm moving into a shared house with friends for the first time. Although I'm excited, I'm also a bit nervous as I've never rented from a private landlord before. What should I look out for when I move in?

Most landlords are reasonable people who look after their properties and tenants well, but it's always a good idea to know your rights. Here's a checklist of things to do when you first move in:

Make sure you have your landlord's contact details. Your landlord is responsible for keeping your home in good condition and arranging repairs when they're needed. They should be your first point of contact if anything goes wrong.

Make sure your deposit is protected. Check that your landlord has given you information about the scheme used to protect your deposit.

Take photos on the day you move in. It's also worth asking your landlord or letting agent for an inventory, to check everything is in order. Use this to note down any problems and the condition of the furniture, kitchen, carpets, bathroom etc.

Check if you're in a 'house in multiple occupation'. If you're living with two or more people who aren't part of your family, and share a toilet, bathroom or kitchen with you, this is considered an HMO. This means your landlord must make sure your home meets certain safety standards. This includes making sure smoke alarms are installed and there's a safe fire exit. The landlord must also ensure shared areas such as staircases and corridors are clean and in good repair. Some HMOs need to be licensed by the council - if you're unsure whether this applies to your home, check with your local council.

Make sure your landlord gives you: a copy of the Gas Safety Certificate, an Energy Performance Certificate and a How to Rent leaflet.

Understand your tenancy agreement. It's important to know who's responsible for paying bills and what to do if there are any changes, like if someone wants to move out. The Citizens Advice website explains the different ways shared accommodation can be organised.

If you encounter a problem with the property, contact your landlord. It's best to put this in writing so that you have evidence if you need it later. The landlord shouldn't come in without your permission.

If your landlord is unresponsive or refuses to help, contact South Lakes Citizens Advice for support. In serious cases, for example if your health or safety is at risk, you may be advised to contact the council.

Oxen Park Cinema Club

OPCC is based in an old Brewery Carhouse, which was demolished and rebuilt as a bespoke community cinema in 2016. After fitting out with top quality equipment, cinema seats from The Royalty and comfy armchairs from Age Concern it officially opened and has been running since 2012. Before that, to get started, from 2002 films were shown in village halls. A membership base accumulated, members sponsored films, local businesses advertised in the programme and a sustainable film society was established. It is run as a charity and managed by an active committee. Films are shown 2-3 times a month from September to April. All on our website. Take a look.

Now is the time by Dare Holland

From 31 October to 12 November, leaders of the vast majority of the world's countries will be meeting in Glasgow to make some of the most important decisions any of them will ever have to make. They are decisions that will affect the whole world, including you and me, for as long as any of us can imagine. If they get it wrong, we can look forward to a time of chaos, upset and devastation that will make times of war look not too unpleasant. If they get it right, there is a chance that all of that can be avoided. The COP 26 meeting is to determine the actions to be taken to reduce, hopefully even eliminate, the Climate Crisis which we are just beginning to experience. But, as the Prince of Wales has recently underlined, it is not so much the words spoken in Glasgow that can make the difference, it is the actions that follow them. If the right decisions are made but then not put into effect, the whole operation will be pointless

This is a crucial moment in the fight for climate justice, and a unique opportunity for us to pressure those with power to make real change. **The UK Government is hosting these talks and so has a special responsibility for making them succeed, not just for UK but for the whole world.** On 6 November, people around the world will be marching through major cities, gathering in their local communities, and making their voices heard online, all raising their voices for climate justice. We may not be able to join in easily but we can all make our voices heard, directly to our government or by contacting our MP.

We can also add our voices through prayer, for those organising and taking part in COP26 and for those already suffering from the effects of Climate Change. We should never underestimate the power of prayer nor put it off until tomorrow. We do not need to be in church or even with other people, we can pray anywhere, anytime. This is God's World and He is concerned for its wellbeing; our prayers are welcomed by Him, as is our concern for the world He has put into our care. Let's share our concerns with Him.

A THOUGHT FOR THE MONTH by Rev. David Gregg NOVEMBER 5TH: BONFIRE NIGHT

Idi Amin brutally seized power in Uganda in 1971. In the middle of his reign of terror he was personally responsible for the murder of Archbishop Janani Luwum. A fellow bishop and close friend, Festo Kivengere, was implacable in his resistance to the blood-thirsty tyrant, and eventually had to flee for his life. He was given asylum in the United States. When he arrived, he was asked by a waiting journalist, "Bishop, if you found yourself in Amin's presence with a loaded revolver in your hand, what would you have done?" "That's easy", said Bishop Festo. "I would have handed it to *him*, and said, "I think this must be yours, Mr. President. It certainly isn't mine. The only weapon we have is love!"

And yet, sometime after Amin was deposed in 1979, I got talking with a gracious Christian sister from Uganda who had lived all through his period of power, and I asked her which was the worst of it – when he first seized power (?), when he was at the height of his vindictive reign (?), or when he was thrashing around in decline (?). She said, "None of them! When *he* was in charge you did at least know where you

stood, and could act accordingly. The worst time was during the six months *after* he was deposed, when the country descended into almost complete anarchy!”

This idea, that *any* form of ‘law and order’ is preferable to none, is heavily reinforced throughout the Bible. Following the death of Samson, for instance, it is recorded that “in those days there was no king in Israel: all the people did what was right in their own eyes.” (Judges 7:6) November 5th, Bonfire Night, is basically an annual celebration of the day that we, as a nation, were (divinely?) delivered from just such a state of affairs. The apostle Paul, in the days of some pretty wicked Roman Emperors, asserts that “those authorities that exist have been instituted by God” (Romans 13:1 – and the whole of vv 1-7 are well worth reading on the subject!) Orderly government, in whatever form, is a gift of Almighty God’s *common grace*, and, like the Sabbath, marriage and family life etc., is intended for the well-being of *all* humankind.

The Lord Jesus Christ is recorded as setting forth the fundamental rule of God’s will as, “Give therefore to the emperor the things that are the emperor’s, and to God the things that are God’s”. (Matthew 22:15-22). Elsewhere the Apostle Paul writes, “First of all, then, I urge that prayers, intercessions and thanksgivings be made for kings and all who are in high positions, so that we may lead a quiet and peaceable life in all godliness and dignity.” (1 Timothy 2:1-7) and the Apostle Peter contributes with, “For the Lord’s sake accept the authority of every human institution, whether of the emperor as supreme, or of governors sent by him to punish those who do wrong and to praise those who do right. ... Fear God. Honour the emperor.” (1 Peter 2:13-17) The combined testimony of our Saviour and of the chief of the Apostles and of the Apostle to the gentiles is powerful indeed.

We, as a nation, are very blessed to have an anointed monarch who heads up the forces of the Crown, the Parliament and ministers of the Crown, the whole structure of Law and Order of the Crown, and the whole structure of Her Majesty’s Customs and Revenue! She herself attests that her anointing at her coronation is the chief motivation of her lifelong service, and the reason that, every sabbath day, she goes to worship, to bow her knee to the Lord of Lords and King of Kings, Whose Own kingdom is *not* of this world. God save the Queen.

Prayer Hour - At Home November 3rd, 10am – 11am

Our prayer fellowship continues as we pray in our own homes, each at the same hour, on the first Wednesday of each month. If you can, join us at 10am on November 3rd, using this format to guide your prayers as we pray together.

Settle into this hour of prayer by reflecting on the opening three verses of Psalm 5

*In the morning, Lord, You hear my voice;
In the morning I lay my requests before You
and wait expectantly....*

And as we begin our time together, we say the prayer Jesus gave us:

*Our Father in heaven, hallowed be Your name
Your Kingdom come, Your will be done on earth as it is in heaven
Give us today day our daily bread
Forgive us our sins, for we also forgive everyone who sins against us
And lead us not into temptation, but deliver us from evil.
For Yours is the kingdom and the power and the glory for ever.
Amen.*

During this quiet hour.....

hold before the Lord, the matters that weigh heavy on your heart, situations you have seen in the media, items or issues from the prayer diary which especially speak to you;

pray for your family, your neighbours, your community contacts;

the Christian fellowship in the Benefice of Coniston and Crake Valley;

the Church across its national and international denominations; pray for our Country and the Nations of the world.

Take time also to be still, to listen to the gentle whisper of God.

Finally, we close our prayer hour with the words of The Grace:

*May the grace of our Lord Jesus Christ and
the love of God and the fellowship of the Holy Spirit
be with us all, evermore. Amen.*
