

Caring for our planet

We want to help raise awareness of our negative impact on the earth and the climate, and work on ways of minimizing that impact.... both at St Bart's and as part of the RWB community/town

What we do now ...

Living Churchyard

Fairly traded tea and coffee in the Croft

Parish Energy Scheme

Creation Sunday

Bronze Eco Church (and working towards Silver Eco Church award)

Recycling our church candles

Twinning our toilets

Replacement lighting schemes

Marking Fair Trade Fortnight

Other ideas being explored ...

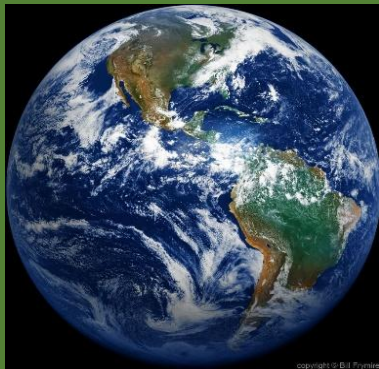

Fair Trade registration

Bug hotel/church in churchyard

Booking a speaker / preacher

Promote WWF's Annual Earth Hour

Installation of swift boxes in the tower

And ... ??

We seek to grow through prayer and share Christ's love through engagement with all.
