Top Eco Tips for Creationtide 2025

7 September – caring for creation

- ☐ Always take your own shopping bag! Ban yourself from picking up a new one at the check-out
- ☐ Always take your own water bottle or cup
- ☐ Buy recycled paper (including loo paper). Never print unless you have to and always double side
- ☐ Pass on clothes via charity collection bags which are delivered to your home or take into a charity shop. Consider buying from a charity shop yourself, especially items such as books, cookware, jigsaws, DVDs, CDs etc.
- ☐ Recycle – through the council's recycling bins, the recycling sites and bins around the town. You can recycle glass, newspaper, cardboard, magazines, tins, some plastics. You can also recycle spent printer cartridges, batteries, mobile phones. Some phone companies will take your old one in part-exchange. Many shops collect old batteries and printer cartridges
- ☐ Try to avoid buying products with lots of plastic packaging, particularly if it can't be recycled
- ☐ Don't flush the toilet every time.
- ☐ Shower rather than bath
- ☐ Switch to a green energy supplier
- ☐ Turn off lights when you leave a room
- ☐ Only boil the amount of water you need in your kettle
- ☐ Turn off televisions, videos, stereos and computers when they are not in use
- ☐ Let your clothes dry naturally on the clothesline rather than in a tumble drier
- ☐ Turn down the thermostat for your heating by 1 degree
- ☐ Don't use your car unnecessarily. Consider walking, cycling, using the bus.
