

Story of the Wise Men Part 3

Once they arrived at Evesham they visited the Almonry, part of the Evesham Benedictine Abbey, where they decided to stay, as it was previously a religious building.

The next day they continued to Stratford Upon Avon where they met their friend William Shakespeare who insisted they attended a play at his theatre.

After visiting William Shakespeare they remembered that they had many questions and needed to visit Isaac Newton. As before, on previous visits, they followed the Fosse Way Roman road, which were known for their direct routes.

The journey continued up to Leicester and then slowly made their way to Melton Mowbray and eventually to Woolsthorpe Manor where Isaac Newton lived.
