

Lover Repair Café

WE HOPE YOU ARE ALL KEEPING WARM & COSY DURING THIS COLD PERIOD. NOW COULD BE YOUR IDEAL TIME TO SORT OUT THOSE BROKEN ITEMS YOU WANTED TO KEEP, WE ARE HERE TO HELP WITH ANY ITEM YOU CAN BRING US.

Here is Mark, one of our hardy lads with that attitude 'Never mind the weather - the Job's the important thing'. He is working on a donated Coffee Table, making it look like new.

Secondly, we had Peter who, luckily, did not prick himself and sleep for 100 years but set about restoring this old Irish Spinning Wheel to full working condition. See the result next month.

This is certainly the time of year to wrap up warm and keep your eyes on the weather conditions outside. Which is why a senior client of ours bought in a beautiful old and damaged Wall Barometer for our attention. In this case we needed a clever glazier to cut octagonal glass with a hole in the middle, an engineer to carefully restore the delicate works and a cabinet maker to revitalise the casing. The client was overjoyed with results
