## The Feast of Candlemas

**We remember before God** all those in our communities who are vulnerable or struggling : the elderly, the isolated and lonely; single parents; those who are ill or depressed, the stressed and anxious; the poor and needy; those facing financial pressures; those grieving the loss of a loved one. We pray that they may know God's presence with them and be comforted.

**On this this Feast of Candlemas** we pray for ourselves, the churches and chapels across the Island, that we may reflect the Light of Christ into our own homes and communities. And we Celebrate the Ministry of Snowdrops : the sign of purity, hope and faith by their courage and determination to flower against all odds! We pray that we too may have the same resilience to overcome darkness, and blossom in our world, sharing in the beauty and Light of our Creator God.

**We hold before God the Hope and resilience of those in our world** who work to bring about His light; remembering NGO's (Non Governmental Organisations) who continue to work in the most extreme conditions in the face of the huge cuts in the Aid Budgets and the increasing emergency of Climate Change. We Celebrate the work of Tearfund partners working in South Sudan, which has no official bodies to manage medical waste or recycling, resulting in most rubbish being openly dumped, and creating serious risks to health and the environment. Tearfund are supporting a new women-owned waste management company that aims to improve health and livelihoods through sustainable recycling practices. We hold these women of vision before God in their determination to change the world about them, and we pray for them as they empower other women and lobby their Government for greater environmental and health awareness.

### Purity and courage .....

There is a tradition at the Feast of the Purification of the Virgin, that snowdrops are brought into the church to symbolise the purity of Mary, along with the blessing of the church candles to symbolise the Light of the Infant Jesus. Both positive, beautiful, gentle and evocative images! But conversely Light and Purity also have qualities of great strength. In our teaching on this Festival day of thanksgiving of The Presentation at The Temple we hear also of piecing swords; pain and darkness. The journey of Purity and Light, the journey of discipleship, is one of Hope, as well as of Courage, Strength, and Faith in adversity as well as in times of celebration. A fragile snowdrop pushing against the hard earth of winter ..... the purity of a diamond. The Joy and Pain of Love.

### Thoughts to ponder .....

*"At the beginning of February, when the infant light of spring is greeted thankfully by the hoary winter earth, it seems fitting that we should celebrate a candle Festival to remember that moment when the Light of the World was received into the Temple, when the old yielded to the new."*  
All year Round : Ann Druitt, Christine Fynes-Clinton and Marije Rowling

*Purity and simplicity are the two wings with which man soars above the earth and all temporary nature. Simplicity is in the intention, purity in the affection; simplicity turns to God; purity unites with and enjoys him. .*  
Thomas a Kempis
