

### Youth and Families Enabler

This is an exciting opportunity to join the team at St George's, to play a strategic and crucial role in the further development of engagement and outreach to young people and families.

#### Background and Vision

At St George's Tuffley, our vision is simple yet transformative: to share God's love with all. We believe that every child and young person is precious to God and we long for them to discover their true value and potential. Our hope is for St George's to be a place where children, young people and families find welcome and belonging in God's love, and can adventure in faith and hope, through generosity, creativity and community. One young person recently said, "you'll have to keep extending the age range of youth group so we can continue to come – this is the only place we can be ourselves with friends outside school".

St George's serves a large and diverse parish in Tuffley and Podsmead, where community needs are significant and opportunities for safe, positive activities for children and young people are limited. In September 2023, we offered a space for Year 7s to gather one evening a week for 'chilling and doughnuts' thinking this might be a space needed for the first few weeks of term for a few Year 7s. By week 3 we had 20 young people coming along. The group has continued to thrive, with the age range extending to Y6-9 now. Our vision is for this engagement and outreach to continue to grow and flourish further.

Over the past few years, we have also seen an increasing number of families connecting with church life through our various outreach activities in the community. These include a weekly thriving toddler and after-school club, a half-termly activity and worship Saturday morning, an annual Summer Holiday Club week, and many one-off worship events aimed at children and young people, such as a Back-to-School service and a Light Party.

**Wider context**

There are two parishes in the benefice, which will soon be one parish: St George's in Tuffley, and St Margaret of Scotland in Whaddon. The two church buildings are gloriously different, with St George's being a modern 1950s building with attached church centre complex and St Margaret's being a 13<sup>th</sup> Century beautiful historic building with surrounding churchyard. Whilst most of the youth and family engagement is centred around St George's with the high density of population being in Tuffley and Podsmead, St Margaret's Church and grounds are beautifully suited to hosting particular events and worship. For instance, a recent teddy bear zip-wire from the tower event, outdoor worship, and family worship at seasonal times. Opposite St Margaret's Church is Valley Bridge School, an academy catering for children and young people aged 6-16. Since the school opened in September 2024, there have been growing links with the church and there is potential for these to be developed further.
