

# Patrick, Glen Maye & Dalby

## Weekly News sheets : 8<sup>th</sup> – 15<sup>th</sup> Feb. 2<sup>nd</sup> Sunday Before Lent

*We welcome you to our church this week, it's lovely to have you with us .*

*Our thanks go to those who have helped set up our churches and are involved in leading worship.*

**We remember before God** all in our communities who are vulnerable or struggling : the elderly, the isolated and lonely; single parents; those who are ill or depressed, the stressed and anxious; the poor and needy; those facing financial pressures; those grieving the loss of a loved one. We pray that they may know God's presence with them and be comforted.

**We hold before God those who are affected by the storms and winter weather;** remembering particularly the farming community with stock in the fields, as well as those who face fuel poverty struggling to keep their homes adequately warm, and those who are homeless, and sleeping rough at this time . We remember those affected by ferry cancellations, and the logistics of maintaining a supply chain to the Island. And pray that as church and chapel communities we may be there to help and support those in need.

**We hold before God the people of Ukraine** where they have been experiencing winter weather temperatures of -20°C (-4°F), alongside continued airstrikes on critical infrastructure. Thousands of people have been left without, or with limited, electricity, gas or electric heating in high-rise apartment buildings, and some areas have no water. We pray for the resilience and courage of aid agencies and churches working in such extreme temperatures, who continue to serve those in need, we pray for their protection as they seek to help others, and for the end of attacks on essential infrastructure. We continue to pray for a sincere and compassionate humanitarian response to peace, that a nation, a culture, a people, may be able to live their lives as free people knowing Gods Healing presence with them as they are restored to their land.

### **Today's Readings**

**Genesis 1.1 – 2.3**  
**Romans 8.18–25**

**Psalm 136**  
**Matthew 6.25–34**

### ***Be focused on kingdom living .....***

As our world claims to be more " developed" it seems that it comes with increased anxiety, fear, stress and insecurity. We're increasingly aware of the debilitating impact of mental health issues, and yet we seem to be on a roller coaster of a continuation of more of the same, marketed and endorsed as progress. The wisdom of a man from Galilee is *so* relevant to our world today, if we would just slow down long enough to listen. He speaks of the negative impact of stress and recommends that we seek to focus our attention on all that is good and true and beautiful in this world; focus on the flower, the bird, the grasses of the field. Focus on Creation, the blessings of God's Kingdom here on earth. See it as a gift of our Father's Love for us. Slow down, look, care, nurture and adore. Jesus was a great teacher of Mindful Awareness, recognising that as we relate to the things of God, so our inner souls are blessed and our "perceived needs" loose their hold on us, that we may become One in Him.

### ***Thoughts to ponder .....***

*"Love is the great pervasive energy of creation, and it is this universal energy of love that unites the inner and the outer worlds of our existence... the same love that is in our own deepest core... is the love that surrounds us and pervades all external reality."*

Fr. Laurence Freeman OSB

*"In nature, God offers me the way to listen more carefully. How glorious is your name, O Lord, in all the earth. The works of your hands all tell of your Love*

Ignatian Spirituality

**For a full programme of day and evening events please see the flyers distributed to churches and chapels, some of the above are tickets events, others welcome donations to help cover costs.**

**NB>> 14th April: : Manx Wildlife Trust : No Trees No Seas: a Special film screening and Q&A at Peel Centenary Centre at 7.30pm** with Carl Rowlinson, co-founder of [Plant One Cornwall](http://PlantOneCornwall.com) and the storyteller behind the ground-breaking [No Trees, No Seas](http://NoTreesNoSeas.com) campaign. Discover the powerful new science showing how restoring forests can revive our oceans, bringing back fish stocks, restoring kelp and seagrass, and even reversing plankton decline. Carl's work has sparked a wave of interest across the UK, highlighting the deep connection between our landscapes and the sea, and why tree restoration is critical for climate and nature recovery. Expect an inspiring evening of film, ideas and hope, plus the chance to ask Carl your questions about rewilding, Celtic rainforest restoration, and how reconnecting land and sea can transform nature's future. Book now to avoid disappointment: Admission £10, suggested additional donation £5. Contact: [enquiries@mwt.im](mailto:enquiries@mwt.im)
