St Michael's is part of Eco Church because we recognise and teach that care for creation and action to address the climate and nature crises are integral to Christian faith, life and worship.

We are demonstrating our response to this by participating in the Eco Church award scheme. A group met recently and we will begin to work through the survey after the Orchard Service on 1 March.

The survey looks at five different aspects of church life: Worship and Teaching, Buildings and Energy, Land and Nature, Community and Global Engagement, Lifestyle.
