You've probably seen AI in the news, perhaps you've seen lots of AI generated nonsense on your social media feed, this action-packed session covers everything you need to know about AI and how criminals are using it so you can protect yourself and your family from AI enabled crime.

What you need to know, without the technical jargon.

**Key Topics Include:**

- **Threat Overview:** An introductory reminder of our core messages.
- **Nature of AI:** An explanation of what AI is and safe use of the capabilities.
- **AI Safety:** Understand the guardrails within AI platforms and how criminals exploit AI.
- **Demonstration:** Experience AI-generated media - how it sounds and looks - and learn how to spot it.
- **Safeguarding Humanity:** Learn how to protect yourself and your loved ones from AI-enabled crime.
- **Q&A Period:** Ask us anything!
