# HORNING REACH

DEADLINE FOR JULY REACH – 16<sup>th</sup> JUNE

Contributions welcome, but the Editor reserves the right to amend, copy or omit unsuitable articles at his discretion. No responsibility can be accepted for errors or omissions, although the Editor does his best to ensure that the information printed is correct. Views expressed by individual contributors are not necessarily those of the Horning Reach.

**‘If you would be perfect, go, sell what you possess and give to the poor, and you will have treasure in heaven’**

This quote from Jesus is recorded in St Matthew’s Gospel. St Matthew also writes of Jesus saying-

‘Do not store up for yourselves treasures on earth, where moth and rust destroy, and where thieves break in and steal. But store up for yourselves treasures in heaven, where moth and rust do not destroy, and where thieves do not break in and steal.

We all need possessions. Jesus’ comments appear extreme; however, he is simply trying to shock us into action. Jesus taught people not to become too attached to worldly goods to the point where they become the meaning of life. Interestingly, Jesus also references the need to support poorer people whilst discussing the dangers of possessions.

At our recent Christian Aid service we raised money to help poor communities in other countries because we live in a deeply unfair world. If we are being honest, ‘the West’, takes what it wants, consumes what it wants, and generally does not think about where it came from.

An addiction to possessions causes us to exploit poorer people and to contribute to the climate crisis.

Today we can buy a T-shirt for £2. How is it possible for it to be so cheap? How much has someone been paid in a far away factory in a much poorer country to make that T-shirt? Large corporations make millions in profits whilst workers and farmers in poor countries are paid pennies.

We often hear about the UK ‘going green’ and hitting ‘net zero’. Yet as a society we are being disingenuous and fooling ourselves. The reason we can achieve net zero is because our country has moved nearly all manufacturing to China, where over 3000 coal power stations currently operate and workers rights are non-existent. So many of our possessions have been created by coal power stations and made by people being paid pennies.

Whether it be online or the thousands of pound shops that line our high streets; our society has become too comfortable with buying the cheapest possible products with little thought as to where they came from or how they were produced. Transferring our carbon emissions to another country to enable our society to praise itself for being ‘net zero’ neither addresses the climate crisis or helps to create a fairer world for all people.

If we really want to do something about the climate crisis and to create a fairer world, then we need to fundamentally change our society's habits and we need to loosen our addiction to possessions: we need to buy fewer things, be more sustainable, and to resist the temptation to always look for the cheapest possible item.

Only by following Jesus' teaching and ensuring that we do not make possessions the centre of our lives will we then be able to tackle the climate crisis and also create a fairer world.

Praised be Christ, Revd Ben.

## Preston Rooms

Hello all

Just as last month, everything is going well at the Hall. As with life in general, small maintenance jobs keep coming up, but we are staying on top of them. I've had various reports about the growing of potatoes in people's buckets, and how different they are. In our garden at the time of writing, we have one bucket with a potato plant grown to the top and one bucket with a tiny green shoot trying to make its way out of the soil. The spring has been enjoyable so far, but is proving challenging to us gardeners and there may well be trouble ahead....

(Especially if a certain someone's 'bucket situation' doesn't improve!)

It has been suggested that we once again have a buffet after the Potato Weigh In with foods based around or containing potatoes. This used to be a fun way to end the evening, with some very interesting and surprising recipes. As the event is August 14<sup>th</sup>, we will make plans for this nearer the time.

Sue Watts  
Secretary

## First Saturday Monthly Coffee Morning

A very warm welcome awaits you at our monthly Coffee Mornings in Horning Village Hall. Run by church members, these Coffee Mornings are for everyone, and are a great way of catching up with old friends or beginning to make new ones. There are cheese or jam scones and tea or coffee for refreshments together with a raffle, produce stall and pre-loved books. The May Coffee Morning raised £208.30 which goes towards the maintenance of our village churchyard. Thank you to everyone who supported this. The June Coffee morning will be on Saturday June 7th from 10.00 - 11.45. We hope to see you there.

## Pop-Up Choir

It was a real privilege to be part of the Pop-up choir at the village VE Day celebrations. The Village Hall was packed as we led the singing of some well-known and much loved WW2 songs, and everyone seemed to be enjoying themselves. We then moved to the lighting of the beacon as the culmination of our celebrations where we were due to sing (alongside the rest of the nation) "I vow to the my country. " Unfortunately, our karaoke machine failed to work outside, so, undeterred, we sang unaccompanied, and this unaccompanied singing added to the dignified atmosphere outside as we remembered those who fought on our behalf in WW2, some returning, but some not. Thank you to everyone who sang in the choir - hugely enjoyable and a fitting end to our memorable celebration of VE Day 80.

# Museum of the Broads

## Summer time is holiday time on the beautiful Broads.

Bringing the stories of the Broads alive is what we're all about. And one of the most magical stories of the Broads is the history of boating holidays.

The history of boating holidays on the Broads is a litany of famous names. If you go all the way back to the 1870s, thirty years or more after the railways had made the area so much more accessible you'll find **John Loynes** starting to offer small yachts and converted trading wherries for hire.

By 1906 **Harry Blake**, who had spent his holiday on the Broads, was joining forces with **Ernest Collins** to hire out holiday boats. It would lead to the formation of **Blakes Holidays**.

By the 1940s Norfolk harbourmaster, **Wally Hoseason** has started hiring out boats at Oulton Broad. They were the days of petrol shortages and the early post war years. By 1946 he had a holiday brochure; the beginnings of **Hoseasons** as we know it today.

The two legendary names would help define Broads holidays and by the 1980s most used either Hoseasons or Blakes to hire out their holiday boats.

Our new display area in the Oulton building celebrate this fascinating aspect of Broads history. Find out about how holidays used to be. Come and visit soon.

### Check out the summer trails .....

Get up close and involved with the Broads! Our paddle trail is a great way to explore. Find the museum's oldest boat. Discover what life was like on wherry.

### What goes 'crunch!' in a Barn Owl's lunch?

Find out! And much more, in another of our brilliant interactive trails. All included in your museum entrance.

### And of course there are boat trips....

What better way to celebrate the history of Broads boating holidays than with a boat trip? Come over and take a boat trip to bring the stories of the Broads alive.

Everything you need to know about The Museum and what's on is always available on our website at [www.museumofthebroads.org.uk](http://www.museumofthebroads.org.uk)

See you soon!

## Wroxham and Hoveton Lions Club

I really don't know where the time is going, but here we are half way through the year. After the lovely Spring weather, let's hope we are as lucky during the Summer.

With this in mind, we are in full swing organising this year's **Hoveton Village Charity Fete, which is being held at Hoveton Village Hall and Playing Field on Sunday 3<sup>rd</sup> August 10am to 4pm.** There is lots to see and do and we are hoping to match last year's record entry of 124 classic vehicles.

We still have spaces for stalls on the field and booking forms for these, as well as classic cars, are available to download on our web site.

<https://wroxhamandhovetonlions.org/>

The spring weather and Easter period marked the start of a noticeable increase in footfall in our charity shop, which this year is celebrating its 25<sup>th</sup> anniversary. We are always happy to receive donations of items in good clean condition, including fully working small electricals. **We are particularly pleased to receive donations of good clean items of Bric a Brac**, so if you are having a sort out, please bear us in mind. If you are not able to get to the shop, collection can be arranged, by telephoning 01603 783737.

On the social front, in May I joined West Norwich Lions for their annual Charter Dinner and this month, will celebrate with Taverham Lions Club at their 39th Charter.

Closer to home, at the end of the month I will be carrying out my last duty in my year as President, when I hand over the Presidential Chain to my successor, Lion Dennis

Moxon, who will oversee the clubs 50th year of service in Wroxham and Hoveton.

I wish him a successful year.

I would like to personally thank all the members of the public who have made donations to our charity shop and supported both me and our Club during the year.

It has been an honour and a pleasure to serve the Community as President the Club during this time.

Wroxham and Hoveton Lions Club CIO.

## Sea Palling Independent Lifeboat

As we write this, the sun is shining, the sea breeze is warm, and summer evenings are making their welcome return. With the season comes a rise in visitors to our beautiful coastline — and with that, a timely reminder of the vital role your volunteer Lifeboat Crew plays.

During a recent routine training exercise, our crew were called to assist two swimmers dangerously close to a rip current. Thankfully, we were able to return them safely to the beach. It was a close call and a clear example of how quickly the sea can change — and why we remain ready 24/7, in partnership with HM Coastguard.

Our newly acquired Launch Vehicle for the Canon Portal lifeboat has completed rigorous testing and is now fully signed off and in service — a major step forward in ensuring we can launch quickly and safely in all conditions.

Behind the scenes, station maintenance has been full steam ahead with post-winter repairs and pre-summer checks.

We were proud to support the official naming ceremony of The Lifeboat Inn in Sea Palling — a wonderful event with a fantastic turnout. Local artist Karen H Leveridge unveiled her beautiful new sign for the pub, perfectly capturing the spirit of our coastal village.

Want to take a piece of us on your summer adventures? Our beach stall is open most Sunday mornings throughout the summer where you can make a purchase and support your local lifeboat. We'd be thrilled to see your holiday snaps showcasing our gear — please tag us on social media so we can see where in the world they travel!

As always thank you for your continued support and we look forward to seeing you soon.

## Horning Buses

You may not be aware that we have a new bus service, the 717, which runs in addition to the 5b giving the village a quicker run into Norwich via Sprowston. In the other direction the bus goes to Potter Heigham, Marham and Hemsby. There are 4 buses a day in each direction, Monday to Saturday operated by Konectbus. Paper timetables are available on the buses or you can download the Konnectbus app which gives you up to date information about departures. In addition, the 5b now continues to the N &N hospital though it does take an hour and 40 minutes to get there!

# Free Events at How Hill Support the Work of the Wherry Yacht Charter Trust

A programme of free events on the riverside at How Hill near Ludham is being staged by Wherry Yacht Charter Charitable Trust this summer.

Norfolk-based individuals and groups are giving up their time to support the work of the charity, which restores, maintains and operates five of the remaining eight wherries in the world.

The backdrop for an art exhibition and series of concerts is the charity's Egyptian-themed wherry yacht Hathor, which is moored at the

location and open for guided tours during the sailing season from May to the end of September.

WYC's Artist in Residence Su Haywood will be exhibiting a range of mixed media designs – some of which include pieces of old wood and rope from the wherries – over the Spring Bank Holiday weekend (May 24,25,26th) from 10am to 4pm.

With a growing reputation for her quirky representations of animals, Broadland scenes and wildlife, Sue couldn't have a better location for this new exhibition.

The musical events taking place are:

- Saturday 31st May – Hot Cold Ground blues band. 6-8pm.
- Saturday 21st June – Midsummer Magic with lounge singer Andy Garnett. 5.30-9pm.
- Saturday 19th July – Sumer Jazz. 6-8pm
- Saturday 23rd August – Norfolk Wherry Brass Band. 4.30-5.30pm
- Sunday 28th September – Sirens of the Helm, Norfolk's only female shanty group. 3-5pm.

WYC Trustee Director Judith Keogh says:

"Wherry Yacht Charter is indebted to these wonderful people who are supporting our charity this summer. They are all incredibly talented, so I urge members of the public to join us at How Hill for free entertainment at a stunning riverside location. Bring a picnic and hopefully the weather will be kind to us! There is no charge but donations towards the charity's running costs will be collected."

For further details and to check for cancellations in the event of bad weather log on to: [www.wherryyachtcharter.org/open-events](http://www.wherryyachtcharter.org/open-events) or check the charity's social media.
