

St. Philip & St. James Church, Hucclecote, Vision Process 2025:

2. Who and what is God calling us to be and do?

This is an invitation to dream, to listen, and to imagine what *God* might be calling our church towards — whether or not you'd articulate that in religious terms yourself. How might we express the longing of our hearts?

Relevant questions for conversation under this area might include:

- What dreams or hopes do you have for the future of our church?
- What kind of community do you want to be part of building?
- What kind of world do you long for — and what's one small step we could take toward it?
- Where do you think we are being called to grow, change, or step out in faith?
- If St. Philip & St. James Church could be known for just one thing in the community, what should it be?
- What do you sense God might be inviting our church to become in the next few years?
- What kinds of people or needs do you feel God might be asking us to notice more deeply?
- What would it look like for our church to fully live out God's love in this place?
- If nothing was holding us back — time, money, fear — what could we do together for God and our community?
- What would make our church feel *useful*, *needed*, or *relevant* to you or to people you know?
- What might make St Philip & St James Church feel like a place where you could belong — even if you're not sure about faith?
