

Fradswell

October worship

Sunday 5th 10.00^{am} Harvest Festival

Harvest is more than just the gathering of *food*; it's about the gathering of *people*. It is a celebration of community, of our common life together, and the way we depend on one another for so much more than just our daily bread. Harvest Festival is a time-honoured tradition, rooted in the words of the old hymn, *"All is safely gathered in."*

Harvest Festival in Fradswell reminds us of the cycles of nature, the rhythm of the seasons, and the great gift of God's creation.

As the fields yield their crops and the gardens offer up their produce, we pause to give thanks.

Our Harvest Festival service provides a balance of tradition, gratitude, and rural life, making it relevant to our community celebrating this harvest season.
