### **A Prayer for February**

*Loving Father,*

*As February settles around us with its soft light and quiet days,  
draw us into a deeper awareness of Your presence.*

*In the first hints of spring and the lengthening of each morning,  
renew our hope and steady our hearts.*

*Bless our church family and all who live and work in this parish.  
Strengthen those who feel worn down by winter, bring comfort to any  
who are anxious or unwell, and kindle in us a spirit of generosity  
toward neighbour and stranger alike.*

*As we approach the doorway into Lent, prepare us to walk faithfully  
with Christ.*

*Teach us to listen more carefully, to notice the small mercies You  
scatter through each day, and to trust that Your light is already at  
work in places where we see only shadows.*

*May Your peace rest upon our homes,  
Your wisdom guide our choices,  
and Your love shape the way we live.*

*Through Jesus Christ our Lord,  
Amen.*
