

**We invite you join join our project to employ a worker to help us across the parish and the city working with young people and young families.**

## **Aim**

Employ a full time worker to oversee and develop 0-18's ministries in the life of our parish. They would work alongside existing ministries in church, schools and across the city that share Jesus, grow young disciples and support families.

## **Why now?**

As we work with Church on the Green, Breakfast@9, and our 10 and 1030 services we feel the call to provide more for our young people and families. Salisbury Youth Alpha in 2025 highlighted a spiritual hunger among young people and has led to new youth partnerships we would love to contribute towards. As we prayed about this, God has provided us a donor with a £30k match-funding offer: every £1 you donate will be matched up to £60k total. Our target is £100k for the first 3 years.

## **Your response**

Please pray: for the finances, advertising, and for God to send us the right person.  
Please consider donating: we are asking for pledges by 31 March and will update church on Easter Sunday.
