

Welcome to St James' Church loo!

We've just installed a loo on the north (far) side of the church tower

This is the first **accessible** toilet [for wheelchair / buggy users or those with mobility issues] and **baby changing** station in the Vale of Pewsey team. This is in addition to always offering **free hot & cold drinks** for all visitors and passers by – just come in and help yourself.

We hope to:

- Replace this interim facility with a permanent structure once we've secured permissions.
- Encourage others to follow in our footsteps to be more inclusive / welcoming.
- Team the loo with one in the developing world.
- Keep it open 24/7 so everyone in our community: those worshipping, walking, cycling, visiting can all use it. [This wont be possible if its abused / blocked as we would have to lock it for safety reasons]
- Gain feedback about the need for a loo and chosen location. Text Toilet & your views to 07941388852 (or to ask to book a tower tour)

Feel free to spend a penny & use our QR code to donate to church funds.

Thank you!
