Whether or not you were able to join the People's Emergency Briefing film on Sunday, you may find the following information useful:

Just One Thing: A Response to the People's Emergency Briefing

Follow-up: Tuesday 13th October, 10.30am–12 noon (with sessions every month)

Wirral Environmental Network Sandon Building, Falkland Road, Wallasey, CH44 8ER

Are you concerned about the climate, nature and pollution but not sure what you can do?

We are continuing our follow-up meetings to the People's Emergency Briefing film, which has been shown in many local venues.

You are welcome to attend even if you haven't seen the film. We will use extracts from it to illustrate the topics.

Join a monthly discussion group with your friends and neighbours to find out more about the issues and to try out some lifestyle changes — big or small!

Starting this month, we will be using the Just One Thing for the Planet resources produced by [Liverpool Friends of the Earth](#). The theme for the October session will be food, to be followed by transport, power and nature in future months.
